SECTION 35: DURATION

Duration of this Agreement	35-1
----------------------------------	------

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 1: RECOGNITION, SCOPE, AND JOB SECURITY

A. Recognition

1. In accordance with the certification made by the National Mediation Board (File No. C-4445) on November 16, 1977, the Company hereby recognizes the ASSOCIATION OF FLIGHT ATTENDANTS-CWA as the duly designated and authorized representative of the Flight Attendants in the employ of the Company for the purposes of the Railway Labor Act, as amended.
2. The Company recognizes the right of Flight Attendants on the Flight Attendant System Seniority List to perform the Company's flying on the Company's aircraft as specified in this Agreement.

B. Scope

1. This Agreement covers all revenue flying performed by or for the Company or any Affiliate.
2. As used herein, the term "all revenue flying performed by or for the Company or any Affiliate" shall include, but not be limited to, all flying over the Company's or any Affiliate's present or future routes and extensions thereof, and any contract (government, military or commercial) flying, charter flying and flying subcontracted for or by the Company or any Affiliate and/or subcontracted out by the Company or any Affiliate, any "wet-lease" flying, and any flying under the Company's or an Affiliate's control.
3. Except as provided in paragraph B.6 and B.7 of this Section, all revenue flying by or for the Company or any Affiliate covered by this Agreement shall be performed by Flight Attendants whose names appear on the Hawaiian Airlines, Inc. Flight Attendant System Seniority List under the terms and conditions of the Agreement.
4. No revenue flying covered by this Agreement shall be performed by the Company or an Affiliate until the Company and the Association have signed an agreement covering the rates of pay, rules and working conditions applicable to such flying.
5. In the event that the Company or an Affiliate determines to perform revenue flying which is not already covered by this Agreement, the following procedures will be followed:
 - a. The Company will send written notification to the President of the Hawaiian Airlines Flight Attendants' Master Executive Council of its intent to commence such revenue flying. At the same time, a copy of such notification will be sent to the President of the Association and to the Association of Flight Attendants' Legal Department, 501 Third Street, NW, Washington, D.C., 20001.

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 1: RECOGNITION, SCOPE, AND JOB SECURITY

- b. Within two (2) consecutive calendar days of such notification, the parties will commence conferences in the Company's general offices in Honolulu, Hawaii or at some other mutually agreeable location. Such conferences shall be for the purpose of negotiating the rates of pay, rules and working conditions applicable to such revenue flying. Direct conferences between the parties shall continue for not more than ten (10) consecutive calendar days or until an agreement is reached, whichever occurs first, unless the parties mutually extend such ten (10) day period.
 - c. If no agreement has been reached at the end of such ten (10) day period or any extension thereof, then the open unresolved issues will be submitted promptly for determination by an arbitrator to be mutually agreed upon by the parties. The arbitrator shall have the authority and responsibility to hear and determine all of the open unresolved issues.
 - d. The hearing before the arbitrator will commence as soon as possible after the ten (10) day period of direct negotiation or any extension thereof. Within ten (10) consecutive calendar days after the close of the hearing, the arbitrator shall furnish each of the parties with a copy of her/his written decision concerning the open unresolved items and such decision shall be final and binding upon the parties hereto.
 - e. The entire period from notification specified in Subparagraph (a) above until the arbitrator issues her/his written decision shall include not more than thirty (30) consecutive calendar days, unless mutually extended by the parties hereto.
6. Paragraph B.3 of this Section shall prohibit the Company or an Affiliate of the Company from entering into marketing and related arrangements that permit another air carrier to utilize the Company's designator code, name, logo or marks in commercial flight operations (any such agreement, a "Code Sharing Agreement") unless the requirements of either this paragraph B.6 or of paragraph B.7 of this Section are satisfied. Paragraph B.3 of this Section shall also prohibit the Company from partly or wholly acquiring, establishing, Controlling, or operating another carrier that does not operate under this Agreement, unless the Company ensures that the following applicable requirements of this paragraph B.6 are satisfied with respect to any such carrier and that it operates for Hawaiian as a Feeder Carrier:
- a. This paragraph B.6 governs "Feeder Carriers" and paragraph B.7 of this Section 1 governs "Code Share Partners." The term "Feeder Carrier" refers to an air carrier, whether or not partly or wholly owned, Controlled, or operated by the Company or an Affiliate of the Company, that operates under a Code Sharing Agreement using its own operating certificate in lawfully operable commercial flight operations under the following conditions, in this

HAWAIIAN AIRLINES

2020 FLIGHT ATTENDANT AGREEMENT

SECTION 1: RECOGNITION, SCOPE, AND JOB SECURITY

paragraph B.6. The term “Code Share Partner” refers to an air carrier that is not partly or wholly owned, Controlled, or operated by the Company or an Affiliate of the Company and operates using such carrier’s operating certificate, under the conditions in Paragraph B.7 of this Section.

- b. A Feeder Carrier acquired, established or operated by the Company, or the portion of a Feeder Carrier operated under a Code Sharing Agreement with the Company, may operate only within the Hawaiian Islands (hereinafter, an "Inter-Island Feeder Carrier") but not to or from Hawaii.
 - c. A Feeder Carrier acquired, established or operated by the Company, and the portion of a Feeder Carrier operated under a Code Sharing Agreement with the Company, may operate only turboprop aircraft, and such aircraft must be lawfully operable in commercial flight operations with a maximum certificated seating capacity of sixty-nine (69) seats and a maximum certificated gross takeoff weight of no more than 69,000 pounds in passenger operations.
 - d. With respect to Inter-Island Feeder Carriers:
 - i. An Inter-Island Feeder Carrier will conduct no commercial passenger flight operations of any kind on the following city pairs: HNL-LIH, HNL-ITO, HNL-KOA, and HNL-OGG.
 - ii. The Company will neither furlough any Hawaiian Flight Attendants nor reduce the number of block hours the Company operates in 717 or equivalent jet operations within the Hawaiian Islands as a result of initiation or expansion of flying by an Inter-Island Feeder Carrier. The existence of an Inter-Island Feeder Carrier will not by itself be sufficient to demonstrate causation.
 - iii. During any consecutive twelve-month period of Inter-Island Feeder Carrier operation ending on the last day of any calendar month following the effective date of this Agreement, the Company will not operate fewer than twenty-nine thousand (29,000) hours of Inter-Island turbojet block hours measured over the same period.
 - e. The Company shall not be required to apply this Agreement to Flight Attendants employed by a Feeder Carrier, and the Association shall make no argument to or in any forum that application of this Agreement to the Feeder Carrier is required by contract or law.
 - f. If the Company establishes a Feeder Carrier, or if it acquires a Feeder Carrier whose Flight Attendants are not represented by a union, the Company agrees to recognize, or cause the Feeder Carrier to recognize, the Association as the representative of such Flight Attendants upon a lawful demonstration of

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 1: RECOGNITION, SCOPE, AND JOB SECURITY

majority support and will take a neutral position with respect to the Association's efforts to secure and provide that lawful demonstration.

- g. The Company will make commercially reasonable efforts to obtain the same jumpseat and pass privileges on the aircraft operated by the Feeder Carrier as Hawaiian Flight Attendants have on Hawaiian aircraft.
 - h. If the Company chooses to acquire and operate turboprop aircraft on Hawaiian's certificate, then the Parties shall meet to negotiate the rates of pay, rules and working conditions for such aircraft pursuant to Section 27.C.
 - i. The Company will require Feeder Carriers that it wholly owns and operates to provide a right of first interview and hire to furloughed Hawaiian Flight Attendants and will use its commercially reasonable best efforts to secure such rights from Feeder Carriers that it partly owns or which operate under a Code Sharing Agreement.
7. Except as expressly permitted in paragraph B.6 of this Section 1, or in this paragraph B.7, the Company shall not permit any other carrier to utilize the Company's designator code, name, trade name, brand, logo, trademarks, service marks, aircraft livery or aircraft paint scheme without the express written consent of the Association in commercial flight operations. The following provisions of this paragraph B.7 apply to "Code Share Partners," defined as air carriers, other than Feeder Carriers, that are not partly or wholly owned, Controlled, or operated by the Company or an Affiliate of the Company, and that operate under a Code Sharing Agreement with the Company. The Company may not enter into a Code Sharing Agreement on terms that differ from those set forth herein unless (1) the Company and the Association agree upon such different terms; or (2) the Company and the Air Line Pilots Association (ALPA) agree upon different terms with which a Code Sharing Agreement must comply, in which case the Company may enter into the Code Sharing Agreement on those terms. In the event that pilots are provided any value as part of any agreement to modify the Code Sharing terms set forth herein, AFA shall be provided proportionally equivalent (determined as a percentage of payroll) value to be applied to the HA-AFA CBA in a manner agreed to by AFA and the Company.
- a. The Company may permit a passenger to book under the HA or HA* code an itinerary that includes a nonstop flight operated by a Code Share Partner that is a Domestic Air Carrier subject to the following limitations:
 - i) if and only if the flight does not operate between an airport in Hawaii and an airport in the remainder of the United States or, if it is not a Feeder Carrier, between airports in Hawaii;

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 1: RECOGNITION, SCOPE, AND JOB SECURITY

- ii) if the flight operates between an airport in Hawaii and a country outside the United States, only if during each calendar quarter the available seat miles scheduled to be operated by the Domestic Air Carrier under the HA or HA* code to or from Hawaii and the country outside the United States do not exceed one-third (1/3) of the available seat miles scheduled to be operated by the Company to or from Hawaii and such country.
- b. The Company may permit a passenger to book under the HA or HA* code an itinerary that includes a nonstop flight operated by a Code Share Partner that is a Foreign Air Carrier only if either (i) the flight does not operate to or from Hawaii, or (ii) it operates between a point in that Code Share Partner's home country and Honolulu or another Company Connecting Airport subject to the limitations of subparagraph 7.c.
- c. For each Foreign Air Carrier that becomes a Code Share Partner after the effective date of this Agreement, and for each Foreign Air Carrier that is a Code Share Partner as of the effective date of this Agreement, for each calendar quarter the Current ASM Ratio for flights scheduled to be operated between that Code Share Partner's home country and Hawaii will not exceed 110% of the Base ASM Ratio for that quarter for such flights.
 - i) For purposes of this subparagraph 7.c., the "Base ASM Ratio" for a Foreign Air Carrier that is a Code Share Partner means the ratio in a Base Calendar Quarter between (i) a numerator equal to the greater of (a) available seat miles scheduled to be operated in the relevant period by the Foreign Air Carrier on nonstop flights to or from Hawaii and the relevant home country and (b) the number of scheduled available seat miles that would be generated if the Foreign Air Carrier scheduled four flights per week on an A330 aircraft in each direction between Hawaii and such country, and (ii) a denominator equal to the greater of (a) the available seat miles scheduled to be operated in the relevant quarter by the Company to or from Hawaii and such country or (b) the number of scheduled available seat miles that would be generated if the Company scheduled four flights per week on an A330 aircraft in each direction between Hawaii and such country.
 - ii) For a carrier that is a Code Share Partner as of the effective date of this Agreement, a Base Calendar Quarter is a calendar quarter of the year July 1, 2015 to June 30, 2016. For a carrier that becomes a Code Share Partner after the effective date of this Agreement, a Base Calendar

2020 FLIGHT ATTENDANT AGREEMENT

SECTION 1: RECOGNITION, SCOPE, AND JOB SECURITY

Quarter is a calendar quarter of the full year immediately prior to the quarter in which the carrier became a Code Share Partner.

- iii) For purposes of this subparagraph 7.c, the “Current ASM Ratio” means the ratio in a current calendar quarter between (i) a numerator equal to the available seat miles scheduled to be operated in that quarter by a Code Share Partner on nonstop flights bearing the HA or HA* code to or from Hawaii and the relevant country and (ii) a denominator equal to the greater of (x) the available seat miles scheduled to be operated in that quarter by the Company to or from Hawaii and such country or (y) the number of available seat miles that would be generated if the Company operated four flights per week on an A330 aircraft in each direction between Hawaii and such country.
- iv) If in any calendar quarter it appears that a Current ASM Ratio for a Code Share Partner will exceed by more than 10% a Base ASM Ratio for that Partner for that quarter, the Company will promptly: (i) notify the President of the Hawaiian Flight Attendants’ MEC; and (ii) (except as provided in the next sentence) remove from its schedule a sufficient number of nonstop flights scheduled to be operated by the Code Share Partner under the HA or HA* code to or from an airport in Hawaii and the relevant country so that the limit is met for that quarter. If, however, the Company is unable to remove from its schedule a sufficient number of flights scheduled to be operated under the HA or HA* code to satisfy this obligation within the then-current calendar quarter because of either late substitution of larger equipment or late addition of flights scheduled to be operated by the Code Share Partner, then it shall, without exception, assure that the Current ASM Ratio for that Code Share Partner will not exceed by more than 10% the Base ASM Ratio for that Partner for the then-current calendar quarter and the following calendar quarter combined.
- d. The Company will not reduce the number of scheduled available seat miles on nonstop flights operated by the Company to or from such Foreign Air Carrier’s home country as the result of any Code Sharing Agreement. The existence of a Code Share Partnership will not by itself be sufficient to demonstrate causation.
- e. For purposes of this Section, a “Code Share Market” is a pair of airports between which passengers may book itineraries entirely using the HA or HA* code that include one or more segments operated by a Code Share Partner using the HA or HA* code. For the same purposes, an “airport” includes not

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 1: RECOGNITION, SCOPE, AND JOB SECURITY

only itself (a “Reference Airport”) but also all airports providing scheduled commercial air service whose ARP (Aerodrome Reference Point), per Jeppesen data, is located within fifty (50) nautical miles of the Reference Airport’s ARP, except that each airport in the following airport groups should be counted separately: OAK/SFO, JFK/EWR, LAX/SNA/ONT, and NRT/HND.

Examples of Code Share Markets:

- i) A passenger may book an itinerary under the Company designator code from BOS to HNL via SFO or OAK, from BOS to HNL via ORD to SFO or OAK, or from BOS to HNL via JFK, flying on an aircraft of one or more Domestic Air Carrier Code Share Partners for the segment or segments within the continental United States not served by the Company, and on Company aircraft for the segment to HNL. BOS-HNL is a Code Share Market.
- ii) A passenger may book an itinerary under the Company designator code from MSY via IAH and PHX to HNL, flying on an aircraft of a Domestic Air Carrier Code Share Partner for the segment between MSY and IAH, on an aircraft of the same or other Domestic Air Carrier Code Share Partner between IAH and PHX, and on a Company aircraft for the segment from PHX to HNL. MSY to HNL is a Code Share Market.
- iii) A passenger may book an itinerary under the Company designator code from CTU via PEK to HNL, flying on the aircraft of a Foreign Air Carrier Code Share Partner for the CTU-PEK segment and either a Company aircraft or the aircraft of the Code Share Partner for PEK-HNL. CTU-HNL and PEK- HNL are each a Code Share Market.
- iv) A passenger may book an itinerary under the Company designator code between ORD and MCO flying only the aircraft of a Domestic Air Carrier Code Share Partner. ORD-MCO is a Code Share Market.
- v) A passenger may book an itinerary under the Company designator code between FRA and HNL via JFK, flying on the aircraft of a Code Share Partner for the FRA-JFK segment and either a Company aircraft or the aircraft of the Code Share Partner for JFK-HNL. FRA-HNL is a Code Share Market.
- vi) A passenger may book an itinerary under the Company designator code between FRA and LHR, flying on the aircraft of a Code Share Partner for

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 1: RECOGNITION, SCOPE, AND JOB SECURITY

the FRA-LHR segment. FRA-LHR is a Code Share Market if the Company gains authority to operate in that Market.

- f. On a quarterly basis, the Company shall present to AFA an analysis of the profitability of using Company aircraft to fly in each Code Share Market identified by AFA, provided that each Code Share Market identified by AFA is one in which there is a per day average of passengers flying each way in that Market under HA or HA* itineraries operated at least in part by a Code Share Partner, computed over the preceding quarter, of at least ninety (90) passengers. The Company will provide to AFA, on a confidential basis, information necessary to determine whether this passenger threshold has been met in any Code Share Market in any Quarter.
- g. "Profitability" under subparagraph f. above means that it can be predicted with reasonable certainty that the Company can begin or, if applicable, supplement flying with its own aircraft between two airports in a Code Share Market and, taking into account the revenues, if any, earned from passengers connecting to the Company's network, (i) operate such flight in the Code Share Market profitably on an annual basis for the fourth year of Company operation based on the Company's standard flight profitability measurement including standard allocation of corporate overhead expenses and investment capital and (ii) recover its cumulative investment including start-up losses on the Code Share Market within a period of seventy (70) months. The Company's analysis may also take into account the impact, if any, of initiating service in the Code Share Market on the Company's existing market (e.g., in evaluating MCO-HNL, the Company may consider the impact of MCO-HNL service on the Company's LAX-HNL flight, and may reduce its projection of the profits for the MCO-HNL service by the extent to which such service is projected to reduce the profitability of the LAX-HNL service). AFA shall enter into a commercially standard confidentiality agreement covering any information provided in such analysis or provided under subparagraph f. above.
- h. If a dispute arises as to whether a Code Share Market satisfies the passenger threshold in subparagraph f. above, or the profitability test in subparagraph g. above, that dispute shall be subject to final and binding, expedited arbitration before the AFA-Hawaiian System Board of Adjustment sitting with a neutral member jointly selected by the Parties. If they are unable to agree on a neutral, then by alternate strikes from a list to be provided in accordance with Section 24.H. Notwithstanding the foregoing, if the dispute is the subject of an arbitration before the ALPA-Hawaiian System Board, the parties agree to abide by the resulting ALPA-Hawaiian System Board Award. If the arbitration Award provides any value to ALPA, AFA shall be provided proportionally equivalent (determined as a percentage of payroll) value to be applied to the HA-AFA CBA in a manner agreed to by AFA and the Company.

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 1: RECOGNITION, SCOPE, AND JOB SECURITY

- i. If a Code Share Market satisfies the profitability test in subparagraph g. above, the Parties shall meet within ninety (90) days to discuss the following options: (i) that the Code Share Agreement continue without Company operation in the Code Share Market; (ii) that the Company should begin (or, if applicable, supplement) service in the Code Share Market with its own aircraft; or, (iii) that the Company should cease placing the HA or HA* code on the segment or segments of the Code Share Market operated by a Code Share Partner (e.g. MCO-LAX).
 - j. If there is no agreement on option (i) of subparagraph i. above, then the Company must either: (i) at the next regularly scheduled meeting of the Board of Directors, seek and obtain Board approval to commence service in the Code Share Market with the Company's own aircraft within a further six (6) month period of time; or (ii) within the same period cease placing the HA or HA* code on the segment of the Code Share Market operated by a Code Share Partner.
 - k. If any other dispute arises under paragraph B.6 of this Section or under this paragraph B.7, that dispute shall be subject to final and binding expedited arbitration before the AFA-Hawaiian System Board of Adjustment sitting with a neutral member jointly selected by the Parties, in accordance with paragraph 7.h.
8. The Company and the Association shall establish a Scope Review Committee comprised of the Senior Vice-President of Global Sales and Alliances, the Vice-President of Revenue Management and Network Planning (or other comparable title) and another Company representative and three (3) Flight Attendants designated by the Association's Hawaiian Master Executive Council. The Scope Review Committee shall meet periodically, but no less than quarterly, to review the financial and operating results of any of the Company's code sharing agreements with other carriers and to ensure that the Company is in compliance with Section 1.B. of this Agreement. The Company shall provide the Scope Review committee and the Association's economic and legal advisors, under a commercially standard confidentiality agreement, if necessary, its best available financial and operating information concerning the Company's code sharing practices with other carriers.

C. Parent, Subsidiary, Affiliate or Successor Company(s)

1. The provisions of this Agreement shall be binding upon any Parent, Affiliate or Successor.
2. The Company and its Affiliates shall require any successor, assign, assignee, transferee, administrator, executor and/or trustee of the Company or of a Parent

SECTION 1: RECOGNITION, SCOPE, AND JOB SECURITY

(“Successor”) resulting from the transfer (in a single transaction or in multi-step transactions) to the Successor of the ownership and/or control of all or substantially all of the equity securities and/or assets of the Company (a “Successorship Transaction”) to employ the Flight Attendants on the Hawaiian Airlines System Seniority List in accordance with the provisions of the Agreement and to assume and be bound by the Agreement.

3. The Company and its Affiliates agree to give written notice of the terms of this Agreement to a proposed Successor, before concluding any Successorship Transaction. The Company and its Affiliates agree that no agreement or other legally binding commitment involving a Successorship Transaction will be signed or otherwise entered into, unless it is agreed in writing as a material and irrevocable condition of entering into, concluding and implementing the transaction, that this Agreement and recognition of the Association is assumed by the Successor(s), and that the Flight Attendants on the Hawaiian Airlines Flight Attendants' System Seniority List will be employed in accordance with the provisions of this Agreement. The Company will provide the Association with the details of, and material agreements related to, any such transaction in a timely manner.
4. The Company will not enter into, maintain, or permit any transaction, agreement or arrangement which provides for, permits, facilitates, creates, maintains or results in the establishment of a Parent or an Affiliate unless the Parent or Affiliate agrees in writing, as an irrevocable condition of such transaction, agreement or arrangement, to be bound by the Agreement in the same manner as the Company as if every reference to the “Company” in this Agreement also referred to and bound the Parent or Affiliate.

D. Labor Protective Provisions

1. The Flight Attendants will be provided with the same labor protective provisions specified by the Civil Aeronautics Board in Sections 2., 3., and 13. only of the Allegheny-Mohawk merger conditions as amended (herein “LPP”) as a material and irrevocable written condition of any future merger or acquisition, as defined by Section 2.a. of said LPP, involving the Company. The written condition to provide the Flight Attendants with said LPP shall be embodied in a signed agreement between/among the parties to the transaction, which shall specifically:
 - a. Bind all parties to the transaction, including the Company and any successor of the Company, to assume and carry out the obligation to provide the Flight Attendants with said LPP as a material and irrevocable condition of entering into, concluding and implementing this transaction.
 - b. Provide that the Association and affected Flight Attendants shall have all necessary and required rights and standing to invoke said LPP, and to take such action as is necessary to enforce the application of said LPP, against all

2020 FLIGHT ATTENDANT AGREEMENT

SECTION 1: RECOGNITION, SCOPE, AND JOB SECURITY

parties to the transaction, including the Company and any successor of the Company; provided that, with respect to the integration of seniority lists between/among two or more groups represented by the Association, the Association merger policy shall be applied according to its terms before Section 13. of the said LPP may be invoked as to any dispute or controversy over integration of seniority lists, and that Section 13. may be invoked on behalf of the Flight Attendants only by the Association as bargaining representative.

- c. Provide that the Association and the affected Flight Attendants shall be entitled to a remedy of specific performance, including injunctive relief, against all parties to the transaction, including the Company and any successor of the Company, to enforce the application of said LPP.
2. The signed agreement required by paragraph 1. above shall be provided to the Association within seventy-two (72) hours of signing any agreement or other legally binding merger or acquisition commitment.

E. Job Security

1. If, within any twelve (12) month period, the Company or an Affiliate sells, transfers or disposes in a single transaction or a series of transactions assets, net of asset purchases or acquisitions during the same twelve (12) month period, (i) which constitute twenty percent (20%) or more of the value of the assets (including the Company's aircraft, whether owned or leased) of the Company, or (ii) which sale directly or indirectly results in a reduction of the Company's monthly block hours or available seat miles by twenty percent (20%) or more (any such transaction or series of transactions referred to herein as a "Triggering Event"), then:
 - a. In the event (i) another air carrier or (ii) an Entity that intends to operate, own or Control an air carrier following its acquisition of the Company's assets (any such Entity, a "Transferee") purchases or acquires any aircraft, international route or international route authority of the Company or an Affiliate as part of any transaction or series of transactions that constitutes a Triggering Event, Flight Attendants from the Hawaiian Airlines Flight Attendants' System Seniority List (the "Transferring Flight Attendants") shall be offered the opportunity to transfer to the Transferee. The number of transferring Flight Attendants shall be determined by calculating the average Flight Attendant staffing on a monthly basis, rounded to the nearest whole number, over the prior twelve (12) months attributable to (i) the international route or international route authority transferred to the Transferee in connection with the Triggering Event; or (ii) the aircraft or aircraft interest transferred to the Transferee in connection with the Triggering Event; and

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 1: RECOGNITION, SCOPE, AND JOB SECURITY

- b. The Transferring Flight Attendants shall be selected on the basis of seniority on the Hawaiian Airlines Flight Attendant System Seniority List from those Flight Attendants who are qualified on the aircraft transferred to the Transferee; provided that a Flight Attendant shall be deemed "qualified" to transfer if she/he is qualified (other than recurrent or substantially equivalent training, proficiency check, or training necessary to qualify Flight Attendants on the specific operations procedures of the Transferee) on the aircraft transferred to the Transferee in the case of an aircraft transfer or the aircraft the Transferee intends to operate on the acquired international route in the case of an international route or international route authority transfer; and
 - c. The Company and its Affiliates shall require the Transferee(s), and the Transferee(s) shall agree: (i) to employ the Transferring Flight Attendants under rates of pay, rules and working conditions no less favorable than those [applicable to] the Transferee's Flight Attendants; and (ii) to integrate the Transferring Flight Attendants into the Transferee's Flight Attendant seniority list pursuant to Association Merger Policy if the Transferee's Flight Attendants are represented by the Association and otherwise pursuant to Sections 3 and 13 of the Allegheny-Mohawk Labor Protective Provisions. There shall be no requirement that the seniority integration of the Transferring Flight Attendants be completed simultaneous with the transfer of the international route, international route authority or aircraft and it is expressly agreed that such seniority integration may be completed after such transfer; and
 - d. Any Flight Attendant who transfers to the Transferee shall be required to resign from Hawaiian Airlines as a condition of the transfer.
2. The provisions of paragraph E. of this Section shall not apply to: (i) aircraft sale-leaseback for financing purposes; (ii) the transfer of international route(s), international route authority or aircraft caused by circumstances over which the Company has no control. The phrase "circumstances over which the Company has no control" means: (i) an act of nature; (ii) labor dispute within the Company; (iii) grounding of a substantial number of the Company's aircraft by government agency; (iv) reduction in flying operations because of a decrease in available fuel supply or other critical materials for the Company's operations; (v) war emergency; and (vi) involuntary revocation of the Company's operating certificate(s).
3. The rights and protections provided the Association and the Hawaiian Flight Attendants under paragraph E. of this Section are in addition to any other rights and protections contained in any other agreement involving the Association and the Hawaiian Flight Attendants.
4. The Company and its Affiliates shall not conclude or enter into any agreement for any international route, international route authority or aircraft transfer unless the

Transferee(s) agrees in writing to be bound by the applicable terms of paragraph E. of this Section.

5. (90) hour maximum for that month, she/he shall be paid for the excess as provided in Paragraph 7.G. (double pay).

(4)

- (a) Except as provided in (b) below, a Flight Attendant who has exercised the option in PBS to exceed ninety (90) hours will not be required to take her/his last trip(s) sequence of the month if she/he is projected over one hundred five (105) credited hours in any month that the Company has not designated as an "increased flying month", or one hundred ten (110) credited hours in a designated "increased flying month". Such Flight Attendant shall have the option of flying out her/his trip sequence, with the applicable compensation provisions of Section 7.G. (double pay), or being removed from the trip sequence.
- (b) If such Flight Attendant's line exceeds one hundred two (102) scheduled credit hours in any month that the Company has not designated as an "increased flying month," or one hundred seven (107) scheduled credit hours in a designated "increased flying month," she/he shall be required to absorb the first three (3) hours of "line growth" before she/he will be entitled to exercise the option of being removed from a trip(s). All hours in excess of one hundred five / one hundred ten (105/110) shall be subject to the compensation provisions of Section 7.G. (double pay).
- (c) If, after the departure of her/his last trip sequence of the month, the time credited to the Flight Attendant due to unforeseen circumstances is more than the applicable maximums and she/he has not chosen to exceed her/his maximums, she/he shall receive one (1) hour pay but not credit for each hour or fraction thereof, in addition to all other compensation, for credited hours in excess of one hundred five/ one hundred ten (105/110) hours.
- (d) Notwithstanding the above, if a Flight Attendant has exercised the option to exceed the monthly maximum(s) by picking up a trip(s) from open time and/or another Flight Attendant, she/he shall be required to complete her/his last trip of the month regardless of projection and will not be eligible for the compensation provisions of Section 7.G. (double pay).

b. Reserve Flight Attendants

- (1) Eighty-five (85) credited hours will constitute the monthly maximum for a Reserve on her/his Reserve duty days. A Reserve Flight Attendant must notify Crew Scheduling at any time during the month, but not later than

0900 the day prior to her/his next reserve duty day, if she/he wishes to maintain the eighty-five (85) hour maximum.

- (2) A Reserve Flight Attendant who does not notify Crew Scheduling of her/his desire to maintain the maximum will be deemed to have elected to extend her/his maximum beyond eighty-five (85) hours, and may be scheduled above eighty-five (85) hours until she/he notifies Crew Scheduling that she/he is calling out of time. Such notification must be made no later than 0900 the day prior to her/his next scheduled reserve duty day.
- (3) Time picked up from another Flight Attendant on a Reserve's red-circle days off in accordance with Section 8-Reserve, shall not be included when determining the maximums set forth in (1) and (2) above.

C. Duty Periods

1. Interisland Flight Attendant Duty Period

SECTION 7: HOURS OF SERVICE

c. Diurnal Turn Arounds

(1) Diurnal turns (those scheduled to depart between the hours of 1400 and 0359 local domicile time) will not be scheduled for more than twelve (12) hours or fourteen (14) hours actual on duty. This limitation will not apply to current frequencies of service (regular and seasonal) to ANC, PPT, PPG, Flights 9/4 (when scheduled as a turn grouping), or irregular operations. If the frequency of future ANC, PPT and PPG service warrants layovers instead of diurnal turns, then the Company will schedule them as layovers, unless otherwise agreed by the Association.

(2) Las Vegas Turn Arounds

- (a) Notwithstanding provisions of the Agreement which might permit trips between HNL and LAS, with or without intermediate stops, to be crewed as turn arounds, such trips shall not be scheduled, rescheduled, or assigned as turn arounds, same duty time, for a single crew, standard or augmented, if doing so would involve any back side of the clock flying.
- (b) With respect to this provision, "back side of the clock" flying is flying with a scheduled arrival or departure time between 2300 and 0600, based on local time at the station of first departure.

d. Augmented Provisions

- (1) The standard Flight Attendant crew must be augmented if the total scheduled flight time exceeds eight (8) hours domestic, or twelve (12) hours international in a single on-duty period, or if the scheduled on-duty time exceeds fourteen (14) on-duty hours, regardless of the flight time.
- (2) In order for a crew to be augmented, it shall be scheduled and printed on the Daily Flight Schedule.
- (3) If a trip scheduled with an augmented crew departs understaffed, such crew shall be considered a standard crew and must be rescheduled to be on duty no more than fourteen (14) hours. All provisions of the Agreement applicable to standard crews shall apply.
- (4) Unless passenger seats are provided per Paragraph D.2.f.(3) of this Section, a flight shall not be considered assigned with an augmented crew for purpose of duty time maximum under Paragraph C.2.b. of this Section.
- (5) When serving as a member of an augmented crew, a Flight Attendant shall not be scheduled, rescheduled or reassigned to be on duty, nor required to remain on duty in excess of the following limitations:

SECTION 7: HOURS OF SERVICE

- e. It is further understood and agreed that staffing for all future 767-300s (non ER flying) will be based on passenger seat to Flight Attendant ratio for two classes of service as follows:

1st Class	Will not exceed 9 passenger seats per FA
Coach	Will not exceed 41 passenger seats per FA

- f. North America 787-9 One-Way Staffing Carve Out:

(1) The "North American 787-9 One-Way Staffing Carve Out" provisions shall apply to flights satisfying all of the below criteria:

- (a) Flights must be between Hawaii and North American destinations.
- (b) Duty Period shall only contain a single flight segment fewer than seven (7) hours.
- (c) Shall not apply to augmented duty periods.

(2) For flights meeting the criteria in C.2.f.(1), above, the below staffing chart shall apply:

*Decreased by one (1) for groupings constructed for the bid months of January, May, June, July, August and December.

3. Flight Time Limitations

- a. Interisland - A Flight Attendant shall not fly in excess of thirty (30) hours during any seven (7) consecutive days. However, at her/his option, a Flight Attendant may fly up to thirty-five (35) hours during any seven (7) consecutive

days either during the monthly bidding process or during the month by picking up and/or trading.

- b. International - When flying International, a Flight Attendant may not be scheduled or rescheduled to fly a total of more than twelve (12) hours in any twenty-four (24) hours except where flying in accordance with "augmented crew" provisions. When flying within the contiguous forty-eight (48) United States, a Flight Attendant may not be scheduled or rescheduled to fly more than eight (8) hours in any twenty-four (24) hours, except when flying in accordance with "augmented crew" provisions.
4. The Crew Scheduling office will notify a Flight Attendant no later than twelve (1200) noon prior to the day she/he is assigned a freighter.

D. Legal Rest Minimums

1. Interisland

- a. Each Flight Attendant shall have a minimum rest period free from all duty at her/his domicile, of not less than twelve (12) consecutive hours immediately prior to starting any duty with the Company except as set forth in Section 7.AB., 22.D.6., and for Computer Based Training (CBT) including recurrent home-study.
- b. At stations other than her/his domicile, each Flight Attendant shall have a minimum rest period of ten (10) consecutive hours immediately prior to starting any other duty with the Company.
- c. A Flight Attendant shall not be required to fly over seven (7) hours in any twenty-four (24) consecutive hours. If the Flight Attendant exceeds seven (7) hours flight time, she/he shall receive two (2) hours rest for every one (1) hour, or portion thereof, she/he flew, and she/he shall receive pay and credit for what she/he normally would have earned for that day.
- d. A Flight Attendant shall not fly in excess of thirty (30) hours during any seven (7) consecutive days. A Flight Attendant shall be given at least one (1) calendar day free of all duty in any seven (7) consecutive days. A Flight Attendant may, at her/his option, waive the calendar-day off requirement after the month begins.

2. International

- a.
 - (1) A Flight Attendant at her/his domicile shall have a minimum rest period of twelve (12) hours free of all duty immediately prior to starting any duty with

the Company except as set forth in Section 7.AB., 22.D.6. and for Computer Based Training (CBT) including recurrent home-study. Domicile rest following flights scheduled for flight time of eight (8) hours or more will be as follows:

ER Flight Time	Minimum Domicile Rest
8:00 to 9:59	24:00
10:00 or more	36:00

- (2) The minimum domicile rest provisions following Extended Range flights specified in 7.D.2.a.(1.) above may, in actual operation be reduced by up to one and one-half (1.5) hours for bid flight attendants who have scheduled back-to-back Extended Range pairings with less than the specified minimum rest plus one (1) additional hour in domicile (i.e., when (a) the bid Flight Attendant's scheduled ER flight time is 8:00 to and she/he is scheduled with twenty five (25) hours domicile rest, or (b) the bid Flight Attendant's scheduled ER flight time is or more hours and she/he is scheduled with thirty-seven (37) hours domicile rest). If, in actual operation, the required rest is reduced by more than one and one-half (1.5) hours, the effected flight attendant(s) will be removed from the second pairing and will be paid and credited "what she/he normally would have earned", as defined in Section 2.AY. of the Agreement.

Example 1: A bid Flight Attendant schedules her/himself with back-to-back ER pairings with 24:45 rest between the pairings. The minimum rest requirement after the first pairing is 24 hours. The first trip's return to HNL is delayed by one (1) hour, which reduces the rest between the two pairings to 23:45. Because the Flight Attendant originally scheduled her/himself below 25:00 rest between the ER pairings (the minimum ER rest of 24:00, plus one (1) hour), she or he will not be removed from the second ER pairing because her/his rest may be reduced to 22:30.

Example 2: A bid Flight Attendant schedules her/himself with back-to-back ER pairings with 25:00 rest between the pairings. The minimum rest requirement after the first pairing is 24 hours. The first trip's return to HNL is delayed by one hour and fifteen minutes (1:15), which reduces the rest between the two pairings to 23:45. Because the Flight Attendant originally scheduled her/himself with 25:00 rest between the two ER pairings (the minimum ER rest of 24:00, plus one (1) hour), she/he will be removed from the second ER pairing and pay protected because her/his rest was subsequently reduced below 24:00.

b.

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 7: HOURS OF SERVICE

(1) At stations other than the Flight Attendant's domicile, each Flight Attendant shall have a minimum rest period equal to two (2) times her/his preceding duty period immediately prior to starting any other duty with the Company. The Company may, at its discretion, limit the rest period in the hotel to nine (9) hours for a standard crew or ten (10) hours for an augmented crew.

(2)

(a) For extended range groupings, at stations other than the Flight Attendant's domicile, each Flight Attendant shall have minimum rest periods as follows:

ER Flight Time	Minimum Scheduled RON Rest*
8:00 to 9:59	18:00
10:00 to 11:59	22:00
12:00 or more	28:00

* In actual operation, any of these rest periods may be reduced up to two (2) hours.

(b) As an exception to the provisions of the paragraph above, in ER destinations where the transit time to/from the downtown hotel combined with the 22-hour rest requirement would make it impossible for the crew to work the return flight immediately following the rest period, the trip may be scheduled with a 20-hour rest requirement which can, in actual operation, be reduced to 18 hours. At its option, the Association may approve RON accommodations closer to the airport rather than having the trip scheduled with a 20-hour rest. The Association will notify the Company not less than sixty (60) days in advance should it desire to change to or from the airport/downtown location.

(3) Rest period is defined as time in the hotel (door to door), uninterrupted by the Company. In case of interruption by the Company, the Flight Attendant shall have the option of extending her/his rest period after the interruption for a period of time equal to the rest period for which she/he was originally entitled. However, as an exception to the no interruption rule, when a Flight Attendant is on a hotel rest period and their outbound trip is delayed, the Flight Attendant may be contacted by Crew Scheduling only one (1) time and advised of the new departure time. This contact will be made no earlier than one hour and thirty minutes (1:30) prior to pick-up (roll) time from the hotel.

HAWAIIAN AIRLINES

SECTION 7: HOURS OF SERVICE

c. Diurnal Schedule

- (1) When a Flight Attendant's trip is scheduled to depart any station between 1400 hours and 0359 hours (local time) and the scheduled duty period is for twelve (12) hours or more, then the assigned crew will receive not less than an eighteen (18) hour rest period prior to departure.
 - (2) When a Reserve Flight Attendant is scheduled to depart any station between 1400 hours and 0359 (local time) and the scheduled or actual duty period is twelve (12) hours or more, the Reserve shall receive a minimum of sixteen (16) hours domicile rest before being required to report for her/his next flight assignment.
- d. When a Reserve Flight Attendant has flown twenty (20) hours or more in any forty-eight (48) hours, or twenty-four (24) hours or more in any seventy-two (72) hours, she/he must receive at least eighteen (18) hours free from duty.
- e. A Flight Attendant shall be given at least one (1) calendar day free of all duty in any seven (7) consecutive days. A Flight Attendant may, at her/his option, waive the calendar-day off requirement after the month begins.
- f. Rest on Board the Aircraft – International

(1) Rest Seats

(a) Primary Rest Seats

The Company shall block passenger seats for the exclusive use of the Flight Attendants as a primary rest station. On the A330, such crew rest seats shall be the last one (1) center row on all International aircraft. On the 787-9 aircraft such crew rest seats will be the last one (1) center row, adjacent to the 3 L/R doors, for a total of three (3) seats as the primary rest station. On the A321 the primary rest station will be the last row on aircraft right for a total of 3 seats. All seats shall be contiguous if more than one (1) seat is available, shall have normal recline, shall be curtained off, and shall be marked or designated for Flight Attendant use on a "last sold/assigned" basis (Z blocked).

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 7: HOURS OF SERVICE

Aircraft	Primary Rest Seats
A330-200	3 seats: the last one (1) center row on the aircraft
A321neo	3 seats: the last row on aircraft right
B787-9	3 seats: the last one (1) center row, adjacent to the 3 L/R doors

(b) Secondary Rest Seats

In addition, the Company shall block the one (1) last row of passenger seats on aircraft left AB on the A330-200, and block the center row immediately in front of the primary rest station in 3.a., above, to a minimum of three (3) seats on the 787-9 for the exclusive use of the Flight Attendants as a secondary rest station. Such crew rest seats shall be contiguous if more than one (1) seat is available, shall have normal recline, and shall be marked or designated for Flight Attendant use on a “last sold/assigned” basis (Z blocked).

Aircraft	Secondary Rest Seats
A330-200	2 seats: last row of passenger seats on aircraft left “AB”
B787-9	3 seats: the center row immediately in front of the primary rest station in 3.a

(c) In the event that Z blocked seats need to be assigned to passengers, all secondary seats shall be assigned before any primary seats are assigned.

- (2) On the B767, for extended range flights (those scheduled for flight time of eight (8) hours or more), contiguous rest seats that are curtained off will be provided. The seats should not be next to a galley or lavatory. The seats must recline, not have solid armrests and preferably have some sort of footrest. These seats will not be sold or assigned to passengers and the number and location will be aircraft dependent.
- (3) On the A321neo, in addition to the “Z-blocked” primary rest seats, another three (3) seats immediately in front will be hard-blocked for Flight Attendants for diurnal turn flights scheduled to exceed eight (8) hours cumulative flight time and augmented flights. These hard-blocked, crew rest seats will not be sold or allocated to passengers and shall be provided with privacy curtains and have a normal recline.
- (4) Flight Attendants shall have a rest break during flights and shall be permitted to sleep during their rest breaks.

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 7: HOURS OF SERVICE

- (5) For flights scheduled for flight time of eight (8) hours or more the following minimum rest breaks will apply:

ER Flight Time	Minimum On Board Rest Break
8:00 to 9:59	1:00
10:00 to 11:59	1:30
12:00 or more	2:00

- (6) If a standard crew complement is on duty, it is understood that said rest breaks shall not interfere with the performance of a Flight Attendant's normal duties (i.e. a Flight Attendant shall not schedule her/his rest break during a meal service).
- (7) On extended range, diurnal and augmented flights, the number of Flight Attendants who may be resting/sleeping during a rest break shall not exceed the number of crew rest seats.
- (8) In addition, anytime the augmented crew provisions are being utilized, the same number of Flight Attendant(s) above the standard crew may be resting/sleeping at anytime during the flight.
- (9) Crew rest seats on Extended Range routes flown by 767 aircraft will be the last row of seats C, E, G, H and J. The Company will install removable curtains for the last row of seats C, E and G, as well as for the z-blocked seats (next to last row of C, E, G, H, J seats), on all B767 aircraft for utilization on ER routes.
- (10) A330 Aircraft
- (a) For International flights regularly scheduled over twelve (12) hours of FAR-defined flight time, Flight Attendants shall have access to a Lower Deck Mobile Crew Rest facility (LDMCR).
- (b) For International flights regularly scheduled between eight (8) hours and twelve (12) hours block-to-block, "diurnal turns" scheduled to exceed eight (8) hours cumulative flight time block-to-block, and/or duty periods in excess of fourteen (14) hours, Flight Attendants shall have access to lie-flat crew rest facilities if installed and serviceable on the aircraft.

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 7: HOURS OF SERVICE

(c) For Hawaiian Airlines purchased production A330, should the aircraft be delivered with a crew rest facility, it must accommodate a minimum of four (4) Flight Attendants.

(11) A350 Aircraft

Flight Attendants shall have access to lie-flat crew rest facilities on all ER flights, augmented flights and "diurnal turns".

(12) In the event that crew rest facilities are not installed or serviceable for A330/350 flights:

(a) For flights regularly scheduled between eight (8) hours and twelve (12) hours block-to-block, "diurnal turns" scheduled to exceed eight (8) hours cumulative flight time block-to-block, and/or duty periods in excess of fourteen (14) hours, Flight Attendants shall be provided the last two (2) middle rows of the aircraft curtained off for crew rest to a minimum of six (6) seats. The inside seats of those rows shall have retractable armrests.

(b) For flights regularly scheduled over twelve (12) hours of FAR-defined flight time, Flight Attendants shall be provided the last three middle rows of the aircraft for crew rest to a minimum of nine (9) seats. The last two middle rows of the aircraft shall be curtained off to a minimum of six (6) seats. The inside seats of those rows shall have retractable armrests.

(13) Lie-Flat Crew Bunks in 787-9 Aircraft

(a) Flight Attendants shall have access to lie-flat crew rest facilities, the Overhead Flight Attendant Rest (OFAR), on 787-9 Flights. The 787-9 OFAR shall be equipped with six (6) crew bunks, for the exclusive use of Flight Attendants. A prepackaged bedding packet shall be provided for each Flight Attendant of the crew complement for ER, diurnal turn with a cumulative flight time of eight (8) or more hours, duty period scheduled over fourteen (14) hours, and augmented flights. The bedding packet shall include one (1) twin-sized cloth sheet, one (1) twin-size blanket of suitable heft, and one (1) standard-sized pillow and case, or two (2) First Class pillows.

(b) Per Section 7.D.2.f.(19), crew-bunk rest facilities, whenever present, shall be accessible to Flight Attendants working the flight. Additionally, deadheading Flight Attendants may access the crew rest facilities in Flight Attendant Seniority order so long as doing so does not interfere with access by working Flight Attendants.

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 7: HOURS OF SERVICE

- (c) Per Section 7.D.2.f.(20), Pass-riding Flight Attendants on the Flight Attendant System Seniority List may use the crew bunks in Flight Attendant seniority order, after all deadheading Flight Attendants have been accommodated in the six (6) bunks reserved for the exclusive use of Flight Attendants in the OFAR. Notification must be given to the First Flight Attendant, who in turn shall notify the pilot in command.
- (d) Notwithstanding a.-c., above, in the event that the pilot crew rest bunk module, the Overhead Flight Crew Rest (OFCR), is inoperative on an augmented pilot crew flight, and there are no other lie-flat accommodations meeting the Class II standards for in-flight pilot crew rest, and pilot rest is required, the following shall apply:
- i. Working pilots shall be allowed to occupy one (1) bunk for a three (3) pilot crew or two (2) bunks for a four (4) pilot crew in order to return the aircraft to domicile.
 - ii. Working pilot use of the OFAR when the OFCR is inoperable shall be limited to one (1) flight segment.
 - iii. If the time of discovery of the maintenance item causing the deferral of the OFCR is within ninety (90) minutes of scheduled departure, the one (1) flight segment restriction in (d)ii., above, may be extended for one (1) additional flight segment.
- (e) In the event that crew rest bunk facilities in the OFAR are not serviceable for 787-9 flights:
- i. For flights regularly scheduled for eight (8) or more hours block-to-block, flights within ER groupings, "diurnal turns" scheduled for eight (8) or more hours cumulative flight time block-to-block, and/or duty periods in excess of fourteen (14) hours, Flight Attendants shall be provided the three (3) middle rows of the aircraft immediately in front of the primary and secondary rest seats for crew rest to a minimum of nine (9) seats. The last two (2) middle rows of the aircraft adjacent to the 3 L/R doors shall be curtained off to a minimum of six (6) seats. The inside seats of those rows shall have retractable armrests.
 - ii. The rest seats above shall be in addition to two (2) z-blocked crew rest seat rows. (Provisions of 7.D.2.f.(1). apply).
- (14) Each crew bunk will be equipped with curtains, reading lights and vents. Rest facilities shall receive a deep cleaning on the same schedule as the

aircraft cabin; however, such cleaning shall occur no less frequently than once every two months. Regular cleanings shall also occur on the same schedule as the cleaning of the aircraft cabin.

(15) Breaks shall be established for either two (2) or three (3) periods depending on the length of the flight, size of the crew complement and the number of bunks.

(a) For flights scheduled for seven (7) or more block hours, breaks shall be established for either two (2) or three (3) periods depending on the length of the flight, size of the crew complement and the number of bunks.

i. For flights staffed with ten (10) or more Flight Attendants, Flight Attendants may schedule their breaks such that there are five (5) Flight Attendants in the cabin who are not on break. However, the number of Flight Attendants in the cabin may be reduced to four (4) during a maximum continuous period of ninety (90) minutes during the flight, due to overlapping crew rest breaks.

ii. For flights staffed with nine (9) Flight Attendants, Flight Attendants may schedule their breaks such that there are five (5) Flight Attendants in the cabin who are not on break. However, the number of Flight Attendants in the cabin may be reduced to four (4) during a period not to exceed two (2) hours. This provision will not apply to non-ER or unaugmented flights.

iii. If any regulatory change is made that would affect these provisions, the Company and the Association shall meet and agree on how to implement the change.

(16) Flight Attendants shall bid for breaks in seniority order.

(17) Specific bunk selection shall be made in seniority order within the group of Flight Attendants assigned to each rest break. If the crew rest facilities are shared with Pilots, such selection will be made from those bunks designated for Flight Attendants.

(18) The Company will not require crew rest breaks to be pre-assigned to specific Flight Attendant positions (e.g., Positions 1, 3, and 5 take 1st break.)

(19) Crew rest facilities, whenever present, shall be accessible to Flight Attendants working the flight. Additionally, deadheading Flight Attendants may access the crew rest facilities, in Flight Attendant

Seniority Order so long as doing so does not interfere with access by working Flight Attendants.

(20) On non-ER flights, pass-riding Flight Attendants on the Flight Attendant System Seniority List may use the applicable rest facility after all deadheading Flight Attendants have been accommodated in the bunks reserved for the exclusive use of Flight Attendants. Anytime there is an augmented pilot crew, and separate crew rest facilities are not provided, non-revenue access to the applicable rest facility will not be allowed to pass-riding Flight Attendants. Notification must be given to the First Flight Attendant, who in turn will notify the pilot in command. All access will be in Flight Attendant seniority order.

(21) The Company and Association will meet to work out the specifics for crew rest accommodations for new aircraft.

E. Delayed Trips

Removal from a Delayed Trip

1. Whenever possible, a Flight Attendant, at her/his domicile, will be removed from any delayed trip that would cause the Flight Attendant to be removed from another trip on her/his bid run. Such removal shall be with pay and credit, including First Flight Attendant pay. The Flight Attendant will be removed from the trips as soon as possible. The Flight Attendant may be contacted by crew scheduling only one time and advised of the new departure time. This contact will be made at the following times plus or minus fifteen (15) minutes:
 - a. International - three (3) hours prior to published scheduled departure time.
 - b. Interisland - two (2) hours prior to published scheduled departure time.
 - c. In an emergency situation the Company may contact a Flight Attendant at a time other than those specified in this paragraph.
2. A Flight Attendant, at her/his domicile, who has reported to the airport for her/his trip will be removed from the trip if the trip is, or will be, delayed more than eight (8) hours from its originally scheduled departure time. However, if the Flight Attendant requests and uses a suitable single room hotel accommodation or single day hotel room located at the airport, at Company expense, during the delay, such Flight Attendant will be removed from the trip if the trip is, or will be, delayed more than ten (10) hours from its originally scheduled departure time. The Flight Attendant will be notified of the removal as soon as possible. Any other notification must be made within two (2) hours of the rescheduled departure time, plus or minus fifteen (15) minutes.

2020 FLIGHT ATTENDANT AGREEMENT

SECTION 7: HOURS OF SERVICE

3. A Flight Attendant, at her/his domicile, who has not reported to the airport for her/his trip will be removed from the delayed trip depending on the newly projected duty time of the trip in accordance with the following schedule. The Flight Attendant will be removed from the trip as soon as possible; however, such notification must be in accordance with the time parameters set forth in Paragraph a. above. The schedule set forth below is based on the originally scheduled departure time.

Duty Time	Removal From Trip
Less than 8:00	12:00 delay
8:00 to 10:00	10:00 delay
more than 10:00	8:00 delay

4. Such delayed Flight Attendant, at her/his domicile, may only be used to fly her/his original delayed trip. If such trip subsequently cancels, the Flight Attendant will be subject to reassignment in accordance with Section 7.J.2.a. and Section 3.S.
5. When a Flight Attendant is removed from a trip as provided in Paragraph E.2. and 3. above, Crew Scheduling may offer the same trip to the Flight Attendants assigned to that trip in order of seniority, except that a Reserve Flight Attendant shall not be eligible for the trip if it conflicts with a red circle day off. A Flight Attendant who accepts the trip shall be paid and credited for the round trip at two times (2 X) the scheduled or actual block hours, whichever is greater. This pay and credit shall not be in addition to E.1. of this Section.
6. Flight Attendants who have accepted the reassigned (delayed) trip as provided in E.5. above, shall not be entitled to DIRT compensation unless the delayed trip returns to domicile more than twelve (12) hours later than the rescheduled arrival.
7. Notification of a Delayed Trip When Not Removed
When a Flight Attendant's originating trip of the day in domicile is delayed and if Crew Scheduling attempts to contact the Flight Attendant at least one (1) hour and thirty (30) minutes prior to the originally scheduled check in time, she/he will be considered notified and her/his duty day will begin at the rescheduled report time. If Crew Scheduling does not attempt to contact the Flight Attendant at least one (1) hour and thirty (30) minutes prior to the originally scheduled check in time, her/his duty day will begin at her/his originally scheduled report time. Crew Scheduling will use its best efforts to notify a Flight Attendant affected by a delay as soon as practicable after Crew Scheduling becomes aware of the delay.

SECTION 7: HOURS OF SERVICE

F. Exceeding Duty Periods

1. Interisland

a. The following provisions shall apply to a Flight Attendant who begins a duty period between 0500 and 2159:

(1) If it is known prior to departing Honolulu that by taking her/his scheduled flights a Flight Attendant's actual on duty hours will exceed twelve (12) hours, she/he may be removed from her/his flights provided another Reserve Flight Attendant is available to relieve her/his. The removed Flight Attendant shall be paid and credited as provided for in Paragraph H., Section 3. During the normal course of the day or upon receiving delay reports and alerts, Crew Scheduling will use the formula outlined below for determining whether a Flight Attendant is projected to exceed twelve (12) hours and remove the affected Flight Attendant(s) from the flights in accordance with this paragraph. A Flight Attendant may request Crew Scheduling to initiate the review of her/his projected duty time to assess the potential of exceeding the duty time maximum.

Interisland Maximum Duty Time Calculation

<u>Report Time + 12 hrs -</u>	<u>Any Round Trip¹ w/ the potential to take the FA over 12 hrs</u>	<u>- 20 min² (for 717) - 15 min =</u>	<u>The time FA must depart from the blocks in domicile</u>
-------------------------------	---	--	--

¹ Using published block times in bid packet

² If other aircraft is used, the Association and the Company will meet to determine turn time(s) for other aircraft for purposes of this provision

Example 1:

- Interisland crew reports at 0600 and is scheduled later in the day for a OGG round trip that could potentially have them exceed twelve (12) hours of duty.
- The published block time of HNL-OGG segment is 25 minutes and the published block time of OGG-HNL segment is 35 minutes. Aircraft is 717.

0600 + 12 hours = 1800, 1800 - OGG roundtrip (1hr.) = 1700, 1700 - 20 min = 1640, 1640 - 15 min = Time FA must depart the blocks in domicile = 1625

**HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT**

SECTION 7: HOURS OF SERVICE

If the Flight Attendant will not depart the blocks by 1625, s/he will be replaced in accordance with the provisions of paragraph F.1.a.(1). above.

Example 2:

- Interisland crew reports at 0900 and, at some point in the day, is scheduled for a round trip hopper (HNL-ITO-LIH-HNL) on a 717 that could potentially have them exceed 12 hours of duty.
- The published block times of these flights are: HNL-ITO (00:45); ITO-LIH (1:00); LIH-HNL (00:20).

0900 + 12 hours = 2100, 2100 - HNL-ITO-LIH-HNL round trip (2:05) = 1855; 1855 - 00:40 (combined turn times in ITO and LIH) = 1815; 1815 - 00:15 = Time FA must depart the blocks in domicile = 1800.

If the Flight Attendant will not depart the blocks by 1800 s/he will be replaced in accordance with the provisions of paragraph F.1.a.(1). above.

- (2) When an Interisland Flight Attendant is scheduled for up to a maximum of ten (10) hours on duty in accordance with 7.C.1.b., the above formula shall also apply when determining whether a Flight Attendant is projected to exceed twelve (12) maximum actual on-duty hours. When such Interisland Flight Attendant is projected to exceed twelve (12) maximum actual on-duty hours pursuant to the formula above, she/he shall be removed from her/his flights whether or not a Reserve is available.
- (3) A Flight Attendant shall not be required to remain on duty for more than fourteen (14) actual hours.
- b. If a Flight Attendant exceeds fourteen (14) actual hours on duty, in addition to compensation provided for in Paragraph c. below, she/he shall receive the next day free from all duty and she/he shall receive pay and credit for what she/he normally would have earned that day.
- c. Whenever a Flight Attendant exceeds twelve (12) actual hours on duty, she/he shall be paid one (1) hour flight pay, but not credit, for every hour, or fraction thereof in excess of twelve (12) actual hours, in addition to all other compensation to which she/he is entitled.

2. International

a. Exceeding Scheduled Duty Time Maximum

- (1) A Flight Attendant may at her/his option, exceed the hours stipulated in Paragraph C.2. above, provided she/he is 1) departing a station other than

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 7: HOURS OF SERVICE

her/his domicile, and 2) she/he has not exceeded sixteen (16) hours on duty at the time of the departure from the blocks.

- (2) Whenever a Flight Attendant on a flight exceeds fourteen (14) hours on duty under the provisions of this Section, she/he shall be paid one (1) hour pay but not credit, for every hour or fraction thereof, in excess of fourteen (14) hours on duty time, in addition to all other compensation to which she/he is entitled.
- b. Exceeding Maximum Actual On-Duty Limitations at Company Request

- (1) When it becomes known that a flight attendant's scheduled duty period will be extended to within one (1) hour of her/his maximum actual on-duty period (See chart below), crew scheduling/authorized designee will communicate with the flight attendant(s) to determine if the crew is willing to continue should the delay project the flight attendant(s) beyond her/his maximum actual duty period. This communication, whether initiated by the flight attendant(s) or the company, is simply to determine whether or not the flight attendant(s) is willing to extend her/his duty period beyond the maximum. If the flight attendant(s) does not wish to exceed the applicable maximum actual on-duty limitations, the company will make the arrangements to relieve and/or replace the flight attendant should the projected duty period exceed the applicable actual on-duty maximum. If after deciding to exceed her/his maximum duty period, the rescheduled departure time of the flight upon which the flight attendant based her/his decision changes by two (2) hours or more (e.g. "creeping delay") and the flight attendant wishes not to exceed her/his maximum, she/he must advise crew scheduling/authorized designee.

Type of Pairing/Crew	Scheduled Maximum	Actual On-Duty Maximum	Decision point for exceeding
Standard Crew	14	16	Projected Duty Period of 15:01 or more.
Augmented +1	16	18	Projected Duty Period of 17:01 or more.
Augmented +2	17	19	Projected Duty Period of 18:01 or more.

- (2) Flight Attendant cannot be required to exceed the maximum actual on-duty limitations stipulated in Paragraph 7.C.2. above.
- (3) At Company request a Flight Attendant may concur to extend her/his actual on-duty limitations to a maximum of twenty (20) hours; for

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 7: HOURS OF SERVICE

augmented crews, the actual on-duty limitations may be exceeded by up to two (2) hours.

- (4) In addition to all other compensation, including the compensation addressed in Paragraph 7.F.2.a., a Flight Attendant who concurs to extend her/his maximum actual on-duty limitations in accordance with Paragraphs 7.F.2.b.(3) shall also be paid a premium of three (3) times her/his hourly rate for each duty hour, or fraction thereof, in excess of her/his maximum actual on-duty limitations.
 - (5) A Flight Attendant who is projected over her/his maximum on-duty period and concurs with the Company's request to extend her/his duty time maximums shall be guaranteed a minimum of one (1) hour pay at three (3) times her/his hourly rate. There is no requirement that the Flight Attendant be onboard the aircraft, be with passengers, or that the flight depart in order to be eligible for payment under this provision.
 - (6) A Flight Attendant who concurs with the Company's request to extend her/his duty time maximums shall be scheduled for a minimum of eighteen (18) hours rest following the extended duty period. If such rest results in a conflict with another scheduled trip(s), the Flight Attendant shall be pay protected for trips missed, including First Flight Attendant pay.
 - (7) The Company is prohibited from negotiating with Flight Attendants for any other compensation or incentive to obtain a Flight Attendant's concurrence to extend her/his duty time maximums.
- c. Determining Amount of Pay Due for Exceeding Maximum Actual On-Duty Limitations
- A flight attendant's projected on-duty period is calculated by using the rescheduled departure time and adding the scheduled bid packet block time for the remaining segment(s) plus the applicable check-out/debrief time (:15 or :30) and then adding that to the original report time. If, at the time of actual departure, a flight attendant's projected actual duty period:
- (1) is within thirty (30) minutes of her/his applicable maximum, and actually exceeds the applicable maximum on-duty hours, she/he will receive three (3) times her/his hourly rate for each duty hour, or fraction thereof, in excess of her/his maximum actual on-duty limitation.
 - (2) does not exceed her/his maximum actual on-duty limitation, she/he will receive only the compensation she/he would normally receive.
 - (3) exceeds her/his applicable maximum actual on-duty period, and in actual operation her/his actual on duty period does not exceed the applicable

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 7: HOURS OF SERVICE

maximum on-duty hours, she/he will receive one (1) hour of pay at three (3) times her/his hourly rate.

- (4) exceeds her/his applicable maximum actual on-duty period, and in actual operation her/his actual on duty period exceeds the applicable maximum on-duty hours, she/he will receive three (3) times her/his hourly rate for each duty hour, or fraction thereof, in excess of her/his maximum actual on-duty limitation.
- (5) For the purposes of determining whether or not the Exceeding Maximum Duty pay is applicable, the actual arrival time plus the applicable contractual check-out period, excluding any ground holding time, shall be used. However, if it is determined that the Exceeding Maximum Duty pay is applicable, the calculation of the number of hours of pay due will include any ground holding time.

- (4) Crew Identity
- (a) Bid Flight Attendants shall be reassigned or scheduled in a manner which maintains the crew as a single identity. However, in the case of an equipment substitution where the substituted aircraft requires a smaller crew than the original aircraft, the crew shall be determined in accordance with 7.AC.

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 7: HOURS OF SERVICE

J.2.a.(2) of this Section. In the event this is not possible, make-up shall be offered in seniority order and assigned in inverse seniority order.

b. During The Work Day

(1) The schedule of any Flight Attendant may be changed to protect the Daily Flight Schedule when such changes are required because of schedule interruptions caused by weather, mechanicals or other factors beyond the control of the Company. Schedule changes in these cases are limited only by the flight time and duty time limitations in this Section and Section 3.M. None of these changes will be solely for Company convenience.

Notwithstanding the foregoing, the schedule of a Reserve Flight Attendant may be altered and/or added to for any reason up to the flight time/duty time limitations of this Section and Section 3.M. of this Agreement.

However, a Flight Attendant shall be released for the day if there is no addition to her/his schedule assigned within fifteen (15) minutes of the block-in of her/his last flight. Such assignment may have a departure time more than fifteen (15) minutes after the block-in of her/his last flight.

(2) The Company shall maintain crew identity unless all Reserve, Airport Reserve and Standby Reserve Flight Attendants have been utilized in which case the assignment of flights shall be offered to Bid Flight Attendants in order of seniority. It is further understood that a Bid flight attendant shall be released for the day, if there is no addition to her/his schedule assigned within fifteen (15) minutes of the block-in of her/his last flight. Such assignment may have a departure time more than fifteen (15) minutes after the block-in of her/his last flight.

c. In all cases, it is understood and agreed that when a Bid Flight Attendant is in position to fly any portion of her/his original trip(s) which operates, she/he will fly that original routing, unless otherwise provided under Section 3.D. or in Paragraph d. below.

d. Crew Reassignment at a Non-Domicile Location

(1) A Flight Attendant crew may be reassigned at a non-domicile location provided their originally scheduled flight(s) is canceled or the crew is illegal to work their originally scheduled flight(s), and another Flight Attendant crew is either illegal or out of position to work their scheduled flight(s) from the same non-domicile location.

(2) If a Flight Attendant crew can be reassigned to work another flight(s) at a non-domicile location in accordance with Paragraph (1) above, the following shall apply:

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 7: HOURS OF SERVICE

- (a) The reassigned flight(s) must be in the same direction as the Flight Attendant crew's originally scheduled flight(s) or may be direct to the Flight Attendant crew's domicile, and
 - (b) The reassigned flight(s) must contain the same or fewer working segments as the originally scheduled trip(s), and
 - (c) The reassigned flight(s) must return the Flight Attendant crew to their domicile no later than twenty-four (24) hours after their originally scheduled return to domicile.
- (3) In addition to all other applicable compensation, a Flight Attendant crew who receives a non-domicile reassignment shall be paid and credited for both the reassigned flight(s) and their original grouping. However, Section 3, Paragraph R.3.a. (Duty Extension) shall not apply.
- (4) If working a non-domicile reassignment causes a Flight Attendant to fall below her/his minimum number of days off, the minimum days off will be restored and she/he shall be paid and credited with the published time of the grouping(s) she/he is removed from on the day(s) off returned. For the purpose of this Paragraph, if the Flight Attendant has voluntarily reduced her/his minimum days off in accordance with Section 7, Paragraph H., her/his minimum days off will be restored to that reduced number.
3. Notwithstanding J.1. and 2. above, the Flight Attendant has the option to make up missed/canceled trips in either International or Interisland Flying.

5. In the event there are insufficient Flight Attendants who accept the charter assignment, open flying procedures will be implemented.

6. In all cases, it is understood that a Bid Flight Attendant may, at her/his option, accept the charter either as an additional flight or as a trade/exchange for one or more of her/his scheduled flight(s), and shall notify Crew Scheduling of her/his choice. A Bid Flight Attendant who has traded her/his bid flight(s) for a charter shall not have her/his bid run guarantee (line value protection) adjusted if the time difference between the charter flight and her traded/exchanged flight(s) is one (1) hour or less.  - a. Exceeding seven (7) hours flying time in twenty-four (24) hours (Section 7.D.1.c.) will not apply when a Reserve is assigned to fly an International grouping.
 - b. The thirty (30) hours duty limitation during any seven (7) consecutive days (Section 7.C.3.a.) will not apply and Reserves shall not be scheduled to fly in excess of thirty-five (35) hours during any seven (7) consecutive days.
 - c. Twelve (12) hours domicile rest following a grouping will apply for a Reserve unless more rest is required before and/or after an International grouping (e.g., Sections 7.D.2. and 7.F.2.b.(6)).
2. "Airport Reserve" means a Reserve Flight Attendant who is assigned to duty at the airport without a specific flight assignment for the purpose of covering an International grouping in order to prevent a delay. An Airport Reserve may be assigned to an inter-island flight only after the Interisland Airport Reserves have been assigned.
3. "Interisland Airport Reserve" means a Flight Attendant who has been awarded, picked up, or been assigned to an Interisland Airport Reserve Desk grouping for a specific period of time to cover an Interisland flight(s) in order to prevent a delay.
4. "Standby Reserve Flight Attendant" means a Reserve Flight Attendant who is legal to fly and who is assigned to a Reserve Availability Period, (RAP) as provided for in paragraph P. below, on the Daily Flight Schedule. All such Flight Attendants shall be listed on the Daily Flight Schedule in their callout order together with their assigned RAP, including the specific times such periods will begin and end.

B. Reserve Monthly Maximums

1. Reserves
 - a. Eighty-five (85) credited hours will constitute the monthly maximum for a Reserve on her/his Reserve duty days. Such Reserve shall have the option of extending her/his monthly maximum credited hours to ninety-five (95) hours/one hundred (100) hours on her/his Reserve duty days.

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 8: RESERVES

- b. A Reserve Flight Attendant may voluntarily exceed eighty-five (85) or ninety-five (95) credited hours by picking up additional flying from another Flight Attendant or Open Time on a red circle day(s) off. Such flying shall be paid and credited over and above the greater of her/his monthly guarantee or her/his monthly credited hours. If the red circle day off is preceded by a day of Reserve duty, the Reserve Flight Attendant shall not be permitted to pick up a trip that reports prior to 1200. However, if the red circle day off is preceded by another day off (red circle or non-red circle), the Reserve Flight Attendant shall be permitted to pick up any grouping which does not conflict with her/his next scheduled day of Reserve availability (a day of Reserve availability begins at 0001 LDT). If picking up a grouping causes the Reserve to be scheduled for more than six (6) consecutive days of work, she/he will be deemed to have waived her/his entitlement to one (1) calendar day off in that seven (7) or more consecutive day period. Such Flight Attendant shall be ineligible for the compensation provisions of Section 7.G. (double pay) for any hours over ninety-five (95) and she/he shall be required to maintain her/his minimum days off in accordance with Section 7.H.1. Further, such Flight Attendant shall not be eligible for the trip(s) dropping provisions in Section 7.B.3., and will be expected to remain available to complete all such flying.
2. Upon reaching their monthly maximum, Reserves are released from further Reserve duty for the month, unless they are willing to voluntarily exceed the maximum and the Company determines they are needed to fly more time. Reserves who desire not to exceed 85 hours, or who wish to call out of time after exceeding 85 hours, must notify Crew Scheduling no later than 0900 the day prior to her/his duty day. Such notification will be made by indicating such desire in the automated trading system.

C. Assigning of Open Flying to Reserve Flight Attendants

1. Reserve Flight Attendants will be assigned to open flying on a daily basis in order of seniority and according to their individual preferences as provided in Section 8 J. 2. & 4.
2. If a Flight Attendant is released from duty after 0030 in domicile, she/he shall not be required to accept another duty period in the same calendar day.

D. Reserve Duty at The Airport

1. Interisland Airport Reserve Desk Flight Attendant
 - a. The Company will have Flight Attendants on Reserve duty at the airport to cover vacated trips and disruptions in the flight schedule. An Interisland Airport Reserve Desk Flight Attendant will not be utilized unless the Crew Scheduling Office is unable to assign the vacated trips to a Standby Reserve Flight Attendant in time to make the flight, except when the trip is vacated for

SECTION 8: RESERVES

- a drug/alcohol test. The names of Interisland Airport Reserve Desk Flight Attendants and the periods of their Reserve duty will be printed on the Daily Flight Schedule and shall cover a whole flight day schedule.
- b. Interisland Airport Reserve Desk Flight Attendants will be assigned flights as provided in Paragraph 7.K.1.e. in order of inverse seniority.
 - c. There shall be a minimum of two (2) Interisland Airport Reserve Desk groupings scheduled per day and a minimum of two (2) Flight Attendants scheduled for each grouping. Interisland Airport Reserve Desk groupings and the Flight Attendants assigned to such groupings shall be printed on the Daily Flight Schedule. Interisland Airport Reserve Desk duty shall not be assigned to any Flight Attendant printed on the Daily Flight Schedule. This shall not preclude Crew Scheduling from assigning a Standby Flight Attendant to a vacated grouping of Interisland Airport Reserve Desk duty.
 - d. Flight Attendants who have been assigned Interisland Airport Reserve Desk will not be used to cover International flying.
2. Airport Reserve Flight Attendants
- a. The Company may schedule Reserve Flight Attendants to Airport Reserve duty. Such duty shall be scheduled for four (4) hours from report to release. The duty periods, along with the names of the Reserves assigned to such duty shall be printed on the Daily Flight Schedule. Nothing herein shall restrict Crew Scheduling's ability to replace an Airport Reserve with a Standby Reserve.
 - b. Duty time for an Airport Reserve shall begin upon scheduled report time at the airport and will continue until the scheduled report time of an assigned grouping/trip, the actual time of assignment to a delayed grouping/trip, or until released for the applicable domicile rest provided in Section 7. However, if an Airport Reserve is assigned a grouping that is scheduled to report prior to her/his initial report time at the airport, she/he shall begin accruing duty time as if she/he reported for that grouping. The combined duty time for Airport Reserve and an assigned trip shall not exceed fourteen (14) hours (twelve (12) hours if assigned in the Interisland operation).
 - c. If there are two (2) or more Airport Reserves on duty, and a flight assignment becomes available, it shall be assigned as follows:
 - (1) Flight Attendant is legal for the assignment.
 - (2) All legal Flight Attendants will be offered the assignment in seniority order and assigned in inverse seniority order.

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 8: RESERVES

- (3) If there are multiple Airport Reserve periods (e.g. 1000, 1100, 1300) then the assignments will be done on a "first in, first out" basis, to the Airport Reserves who are legal for the assignment.
- d. If an Airport Reserve is assigned a grouping, such grouping must be scheduled to depart no later than six (6) hours from the commencement of the Airport Reserve duty.
 - e. An Airport Reserve Flight Attendant will not be utilized unless the Crew Scheduling Office is unable to assign the vacated grouping to a Standby Reserve Flight Attendant in time to make the flight.
 - f. Airport Reserves may be assigned to an Interisland flight only after the Interisland Airport Reserves have been assigned. Once assigned to an operation the Airport Reserve must finish the day in that operation. The only exception to this rule is the Airport Reserve may be given a boarding assignment in either operation.
3. Airport Reserve Coverage for Augmented Flights
The Company, at its option, shall schedule no more than one (1) Reserve Flight Attendant to Reserve duty at the airport to cover an augmented flight. The Reserve Flight Attendant, her/his period of Airport Reserve duty and the flight she/he is covering shall be printed on the Daily Schedule. An Airport Reserve Flight Attendant's duty period shall be four (4) hours, beginning at the time the augmented crew is scheduled to check in. Such Reserve Flight Attendant may be placed only on the augmented flight if necessary to keep the flight augmented.
4. Reserve Coverage for Boarding Flights
- a. A Reserve Flight Attendant ending a duty period may not be assigned to board a flight unless she or he is assigned to work the flight.
 - b. Only Flight Attendants who have been assigned Interisland Airport Reserve Desk may be assigned to board an interisland flight without being assigned to work the flight being boarded. As an exception to (a) above, Airport Reserves and Inter-island reserve desk FA's may be assigned to board a flight without being assigned to work the flight being boarded.
 - c. Inter-Island Airport Reserve Flight Attendants may not be assigned to board an International Flight.

E. Standby Reserve Flight Attendants

1. A Standby Reserve Flight Attendant shall be on call for flight or Airport Reserve duty only during her/his scheduled RAP and shall be prepared to report for such duty within a reasonable time not to exceed three (3) hours (two (2) hours

Honolulu domicile for interisland groupings only) after receiving notice for such duty. A Standby Reserve Flight Attendant shall be reasonably available to be called for an assignment during her/his scheduled RAP but shall not be required to Standby at home during these hours providing the Flight Attendant keeps Crew Scheduling advised of her/his contact number or whereabouts.

2. A Standby Reserve Flight Attendant will not be assigned to a duty period unless such duty period commences within two (2) hours after the end of her/his RAP. Once a Standby Reserve Flight Attendant is assigned to a duty period, she/he is released from further Standby duty that day. However, if the Company is able to make positive contact with the flight attendant (not a message or the like), the Company may change her/his assignment provided that the new assignment is within the same operation (Interisland or International) as the original assignment.
3. Should a Standby Reserve Flight Attendant not be at her/his listed telephone number, she/he will keep the Crew Scheduling Office advised of her/his contact number and be prepared to report for flight duty as provided in Paragraph E.1. above.
4. **Standby Duty Limits**
A Reserve's RAP will not exceed a maximum of twelve (12) hours. If a Flight Attendant is not assigned to a duty period during her/his Standby period, she/he will be free from all duty for a period of twelve (12) hours.
5. The Company shall ensure adequate Standby coverage to protect the integrity of the operation.
6. Once a Standby Reserve Flight Attendant has been assigned to duty, she/he shall be considered "assigned" as provided in Section 3, Paragraph T.
7. A Standby Reserve Flight Attendant may, when operationally practical, be released from duty for a period of time for the purpose of conducting personal matters. Once it is determined that a Standby Reserve Flight Attendant is no longer required, she/he will be released for the day.

F. Days Off in Domicile

A Reserve Flight Attendant shall have a minimum of twelve (12) calendar days off each month at her/his domicile.

1. Subsequent to receiving her/his bid award, a Reserve Flight Attendant, at her/his sole option, may waive her/his minimum days off down to six (6) days off per month.
2. All scheduled periods free from duty (days off) shall be at the Reserve Flight Attendant's domicile unless otherwise requested by the Flight Attendant.

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 8: RESERVES

3. Additionally a minimum of eight (8) days off will be considered red circle days off and will not be subject to change by the Company. Red circle days off will be bid and awarded in patterns of 2/2/2/2, 2/2/4, 2/3/3, 3/5, 4/4, 2/6 or 8. A Reserve Flight Attendant is not subject to recall on her/his red circle days off unless she/he volunteers for recall.
4. Non-red circle days off may be changed by Crew Scheduling as a last resort, in order to assign a trip, provided the Flight Attendant is given notice of the change by noon of the previous day. When such a change occurs the Flight Attendant will be given another day off in return and, if possible, it will be a day off of her/his preference. This day off will then become an additional red circle day off. A Reserve Flight Attendant who is not given notice by noon of the previous day shall be guaranteed pay and credit for not less than four (4) hours as provided in Section 7.I.

G. Reserve to Notify Scheduling if Leaving Interisland Lounge

Reserve Flight Attendants on a break between Interisland flight assignments shall notify Crew Scheduling if they are going to leave the Flight Attendant Lounge.

H. Reserve Check Out

Reserve Flight Attendants shall check out with Crew Scheduling at the end of their duty period. A Reserve Flight Attendant ending a duty period may only be assigned to board a flight if she or he is assigned to work that flight.

I. Proration of Reserve Days Off

Any proration of a Reserve's days off will be in accordance with the Prorated Absence Table in Section 10.O.

J. Reserve Self-Assignment Bidding for Next Day Departure

1. Open Trips will be frozen at 1330, local domicile time, until completion of the process set forth in Section 8.O. ("Rescinding of Self-Assigned Grouping to Cover LQ or 4+ Day Groupings"). No groupings will be added or withdrawn during this period.
2. Reserves may submit the following preferences, in priority order, for groupings in Open Time by 1330 for groupings which report on the following calendar day:
 - a. Specific groupings, including Interisland Reserve Desk
 - b. Flight Numbers
 - c. LQ Service (if available)* (dependent on FLICA programming ability)

- 3. For preferencing purposes, Check-in and Check-out times may be combined with International and/or Interisland preferences.
- 4. A Reserve may indicate a preference of "Call Me First" (CMF) to be first assigned. Such preference may be indicated for the entire month or on selected days.
- 5. When submitting a preference, the number of days of the grouping awarded must be equal to or one day less than the Reserve Flight Attendant's number of days of availability. However, if a Reserve has six (6) or more days of availability, she or he may preference a grouping that is five (5) or more days in duration.

Examples:

The company may, at its discretion and as needs of service allow, adjust the self-assignment award requirements to allow Reserves greater flexibility with the self-assignment of groupings.

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 8: RESERVES

- (1) At least two (2) days prior to the date of departure, the company shall notify Reserve Flight Attendants that the self-assignment requirements have been adjusted. The adjustment(s) may be made for a single day of self-assignment or any number of consecutive days of self-assignment.
- (2) The self-assignment requirements may be adjusted for Reserves with a specific number of days of availability and may vary depending on a Reserve's number of days of availability.

Example: The company may allow Reserves with four (4) or five (5) days of availability to preference and be awarded two (2)-day groupings and Reserves with six (6) or more days of availability may preference one (1) day or two (2) day groupings. All other Reserves would be able to preference groupings matching their days of availability or groupings that are one (1) day less than their days of availability.

- b. There is no requirement to modify the award requirements for Reserve Self-Assignment.
6. International Airport Reserve Assignment may be built as a one (1)-day pairing; however, to be awarded this assignment, a Reserve must have a minimum of three (3) days of availability.
7. Language Flight Attendants may preference non-LQ groupings. However, they may be subject to assignment to a language qualified grouping as provided in K., below.

K. Reserve Pre-Assignment

Prior to running the automated Self-Assignment process, Crew Scheduling will review Open Time groupings of four-or-more-days (4+) and LQ groupings and assess the Self-Assignment preferences submitted for those groupings.

1. If sufficient preferences exist to cover the 4+ day and LQ groupings in Open Time, then the Self Assignment Process will be run.
2. If an insufficient number of Reserves with availability have preferenced the uncovered LQ groupings, then any LQ groupings that were preferenced by LQ Reserves with sufficient days of availability will be awarded in seniority order and any remaining LQ groupings will be assigned in inverse seniority order to LQ Reserves with sufficient days of availability (by highest credit grouping) prior to the Self-Assessment process.
3. If an insufficient number of Reserves with availability have preferenced the uncovered 4+ day groupings, then any 4+ day groupings that were preferenced

by Reserves with sufficient days of availability will be awarded in seniority order and any remaining 4+ day groupings will be assigned in inverse seniority order to Reserves with sufficient days of availability (by highest credit grouping), prior to the Self-Assignment process.

L. Reserve Self-Assignment Awards

1. The Self-Assignment process will be automated and will start at 1330, local domicile time.
2. Uncovered groupings will be awarded to Reserves based on their preferences, in seniority order and days of availability.
3. Groupings which do not satisfy a Reserve's preference(s) or which do not meet the number-of-days requirement in J.5., above, will not be awarded.
4. International Airport Reserve will not be awarded unless it is specifically preferred by a Reserve.
5. All groupings not awarded during Self-Assignment will be assigned to available Reserves in accordance with N., below.

M. Assignment of Open LQ Positions After the Self-Assignment Process, and Prior to Publishing the Daily Flight Schedule

If a LQ lead or service position remains uncovered prior to the publishing of the Daily Flight Schedule, the below provisions will be used to cover open LQ position(s). This process will be utilized prior to reassigning a LQ Reserve with a self-assignment grouping per O.2., below. Uncovered LQ lead positions will be assigned prior to LQ service positions.

1. The below criteria and procedures will be followed in the order listed for purposes of assigning open LQ lead positions.
 - a. Appropriate LQ language
The LQ Flight Attendant must be lead qualified in the language indicated on the open position.
 - b. Preference (LQ) indicated in Self-Assignment Process:
If a LQ lead-qualified Reserve, who is legal and available for the assignment, preferred LQ lead in Self Assignment and was not awarded a grouping in that process, she or he will be assigned the LQ lead position. If more than one qualified LQ Flight Attendant who preferred LQ is available for the assignment, it will be assigned in seniority order.
 - c. Best fit for number of days of availability:

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 8: RESERVES

- (1) If no, or insufficient, Reserves are available for the uncovered position per 1.b. above, then c.(2), below, will apply.
 - (2) All LQ lead-qualified Reserves who preferenced CMF with the same number of days of availability as the grouping will be assigned in seniority order with the highest credit grouping assigned first.
 - (3) The LQ lead-qualified Reserve with the same number of days of availability as the grouping will be assigned. If more than one qualified Reserve has the same number of days, then the grouping will be assigned in inverse order of seniority with the highest time grouping being assigned first.
 - (4) If multiple LQ lead-qualified Reserves are legal, however none has the exact same number of days of availability as the grouping, then the LQ lead assignment will be made to the LQ lead-qualified Reserve with the number of days of availability which results in the least impact to reserve coverage. The assignment(s), highest credit value assigned first, will be made in inverse order of seniority within a group of qualified Reserves with the same number of days of availability.
 - (5) If the LQ lead position remains uncovered, Crew Scheduling may rescind the self-assignment award of a LQ lead-qualified Reserve per O.2., below to cover the position.
 - (6) If Crew Scheduling offers more than one LQ lead position as Recall on a grouping per Section 7.I. to appropriate LQ lead-qualified Flight Attendants, the appropriate non-LQ Flight Attendant(s) shall be pay-protected for that grouping per 7.I.2.
2. The below criteria and procedures will be followed in the order listed for purposes of assigning open LQ service positions.
- a. Appropriate LQ language
The LQ Flight Attendant must be service qualified in the language indicated on the open position.
 - b. Preference (LQ) indicated in Self-Assignment Process:
If a LQ service-qualified Reserve, who is legal and available for the assignment, preferenced LQ in Self Assignment and was not awarded a grouping in that process, she or he will be assigned the LQ service position. If more than one qualified LQ Flight Attendant who preferenced LQ is available for the assignment, it will be assigned in seniority order.

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 8: RESERVES

- c. Best fit for number of days of availability:
- (1) If no, or insufficient, Reserves are available for the uncovered position per 1.b. above, then c.(2)., below, will apply.
- (2) All LQ service-qualified Reserves who preference CMF with the same number of days of availability as the grouping will be assigned in seniority order with the highest credit grouping assigned first.
- (3) The LQ service-qualified Reserve with the same number of days of availability as the grouping will be assigned. If more than one qualified Reserve has the same number of days, then the grouping will be assigned in inverse order of seniority with the highest credit grouping being assigned first.
- (4) If multiple LQ service-qualified Reserves are legal, however none has the exact same number of days of availability as the grouping, then the LQ service assignment will be made to the LQ service-qualified Reserve with the number of days of availability which results in the least impact to reserve coverage. The assignment(s), highest credit value assigned first, will be made in inverse order of seniority to LQ Reserves with the same number of days of availability.
- (5) If the LQ service position remains uncovered, Crew Scheduling may rescind the self-assignment award of a LQ service-qualified Reserve per O.2., to cover the position.

N. Assignment of All Remaining Uncovered Non-LQ Groupings Prior to Creating the Standby List and Prior to Publishing of Daily Flight Schedule

1. After Self-Assignment awards are processed, all open non-LQ groupings which report the next day, including those which have become available (through sick calls, trip conflicts, illegalities, etc.), will be assigned using the process in this Section N.
2. Reserves not assigned during the Self-Assignment process in K. and L., above, will be placed into "buckets" according to their number of days of availability as follows:

2020 FLIGHT ATTENDANT AGREEMENT

SECTION 8: RESERVES

3. Each bucket will be listed in inverse seniority order. However, any Reserves who have indicated "Call Me First" per J.4., above, will be listed first in the appropriate bucket in seniority order.
4. Crew Scheduling will assign open groupings to Reserves in each bucket in accordance with the ordered list. Groupings will be assigned in the following order: the highest credit time groupings assigned first and the lowest credit time grouping assigned last.

Example: Reserve list for two (2)-three (3)-day bucket ordered below in inverse seniority order and five (5) uncovered two (2)- three (3)-day groupings.

6. If there are no available Reserves in the appropriate bucket, then the grouping will be assigned to the appropriate Reserve in the next higher bucket with more days of availability.

7. Filling Uncovered Positions Remaining After Assignment Process in N.6. Above If a non-LQ position remains uncovered prior to the publishing of the Daily Flight Schedule, the most junior Reserve with the appropriate reserve availability may be reassigned from a trip assigned per N.4., 5. and 6., above, if her or his assignment is fewer days than her or his period of availability. This process will be done prior to reassigning a Reserve with a self-assignment grouping per O.1., below.

O. Rescinding a Self-Assigned Grouping to Cover a LQ or 4+ Day Grouping

Once awarded during self-assignment in L., above, the grouping may only be removed, in inverse seniority order, after the Self-Assignment awards and prior to the publishing of the Daily Flight Schedule, in the following situations:

1. If a 4+ day grouping remains uncovered and there are no Reserves to cover it in N., above, then the most junior Reserve who was awarded a grouping of fewer days than her or his availability may have the Self Assignment award rescinded and be assigned the 4+ day grouping.

Example: Three Reserves with 5 days of availability are each awarded 4-day groupings during the Self-Assignment process. After the award process a 5-day grouping remains unfilled and there are no Reserves with 5-or-more days of

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 8: RESERVES

availability who are legal for the assignment. The most junior 5-day Reserve with the 4-day grouping may have that award rescinded and be assigned the open 5-day grouping.

2. If a LQ lead position remains uncovered after the Reserve Self-Assignment Awards, and the position cannot be filled utilizing the provisions in M., above, then a LQ Reserve's Self-Assignment grouping award may be rescinded. Open LQ lead positions will be filled first and assigned in the following order:
 - a. The most junior LQ lead-qualified Reserve who was awarded a non-LQ grouping in Self-Assignment and who has adequate availability.
 - b. The most junior LQ lead-qualified Reserve who was awarded a LQ service grouping and who has adequate availability.
 - c. Assignments made within the categories in 2.a. and 2.b., above will be made in inverse seniority order, with the highest-credit groupings being assigned first.
 - d. A LQ lead position will not be filled with a LQ service-qualified Reserve until sign-in.

Example:

<u>Flight Attendant</u>	<u>Seniority #</u>	<u>Self-Assigned Grouping (days)</u>	<u>LQ Position</u>	<u>Grouping Credit</u>
FA 1 (JL qualified)	2100	LAX (3-day)	N/A	12:15
FA 2 (JL qualified)	2105	NRT (3-day)	JS	16:25

Open Groupings:

<u>Grouping 1</u>		<u>HND (3-day)</u>	<u>JL</u>	<u>17:28</u>
<u>Grouping 2</u>		<u>NRT (3-day)</u>	<u>JL</u>	<u>16:25</u>

If only Grouping 1 is uncovered, it shall be assigned to FA 1 as provided by 2.a. above in place of their self-assigned 3-day LAX grouping.

If both Grouping 1 and Grouping 2 are uncovered, Grouping 1 shall be assigned to FA 1 as provided by 2.a. and 2.c. above in place of their self-assigned 3-day LAX grouping. Grouping 2 shall be assigned to FA 2 as provided by 2.b. and 2.c. above in place of their self-assigned 3-day JS NRT grouping.

3. If a LQ service position becomes uncovered after the Reserve Self-Assignment Awards, and the position cannot be filled utilizing the provisions in N., above,

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 8: RESERVES

then a LQ Reserve's Self Assignment grouping may be rescinded. Open LQ service positions will be filled after LQ lead positions and will be assigned in the following order:

- a. The most junior LQ lead or service-qualified Reserve(s) who was awarded a non-LQ grouping and who has sufficient availability.
- b. Assignments will be made in inverse seniority order, with the highest- credit groupings being assigned first.

Example:

<u>Flight Attendant</u>	<u>Seniority #</u>	<u>Self-Assigned Grouping (days)</u>	<u>LQ Position</u>	<u>Grouping Credit</u>
<u>FA 1 (JL qualified)</u>	<u>2100</u>	<u>LAX (3-day)</u>	<u>N/A</u>	<u>12:15</u>

<u>Grouping 1</u>		<u>HND (3-day)</u>	<u>JS</u>	<u>17:28</u>
<u>Grouping 2</u>		<u>NRT (3-day)</u>	<u>JS</u>	<u>16:25</u>

If only Grouping 1 is uncovered, it shall be assigned to FA 1, as provided by 3.a. above in place of their self-assigned 3-day LAX grouping.

If both Grouping 1 and Grouping 2 are uncovered, Grouping 1 shall be assigned to FA 1, as provided by 3.a. above in place of their self-assigned 3-day LAX grouping. Grouping 2 shall remain uncovered since FA 2 already has a self-assigned 3-day LQ grouping.

P. Creating the Standby List

1. Reserve Availability Periods (RAPs) for Standby Reserves
There will be three RAPs to which Standby Reserves will be assigned:
 - a. 0200 – 1400
 - b. 0500 – 1700
 - c. 1100 – 2300
2. The Company may change the RAP time(s); however, there will be no more than three (3) RAPs and each RAP may not exceed twelve (12) hours. RAP times must be published in the bid packet.

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 8: RESERVES

3. Reserves will be assigned to a RAP in the following order:
 - a. For assignment purposes, the Reserve availability buckets will be as follows:
 - (1) 1-day
 - (2) 2-3-days
 - (3) 4+ days
 - b. Within each of the three availability buckets and RAPs, Reserves will be listed as follows for assignment order:
 - (1) Call Me First, in seniority order; then
 - (2) Remaining Reserves in inverse seniority order
 - (3) Notwithstanding b.(1) and (2) above, qualified LQ Reserves may be assigned to RAPs to provide Standby coverage for LQ groupings.
4. If, due to rest requirements, a Reserve's availability period start time is adjusted two (2) hours or less, the Reserve's RAP will not change and the end time will remain the same (example #1). If the start time is adjusted more than two (2) hours, the Reserve will be placed into the next RAP (example #2). If placed into the third RAP (1100-2300), the Reserve's RAP will end at the same time as the third RAP and will not be extended (example #3).

Example #1: A Reserve has 3 days of availability and is assigned a 2-day SEA on the first day. Due to a schedule disruption, her duty ends in HNL at 1850 on day two. She has been assigned to the second RAP (0500-1700) on day three. She will remain in her assigned RAP and after receiving her required rest shall be available from 0650 until 1700.

Example #2: A Reserve has 3 days of availability and is assigned a 2-day SEA on the first day. Due to a schedule disruption, her duty ends in HNL at 1920 on day two. She has been assigned to the second RAP (0500-1700) on day three. Because her required rest would change the start of her availability for her assigned RAP by more than two hours, she will be moved to the third RAP (1100-2300).

Example #3: A Reserve has 3 days of availability and is assigned a 2-day SEA on the first day. Due to a schedule disruption, her duty ends in HNL at 0030 on day three. She has been assigned to the third RAP (1100-2300) on day three. She will remain in her assigned RAP and after receiving her required rest shall be available from 1230 until 2300.

SECTION 8: RESERVES

Q. Assigning Groupings to the Standby List After the Schedule has been Published

1. Reserves will be listed in buckets within RAPs as provided in P., above.
2. Assignments will be made to Reserves in the appropriate buckets in the order that the uncovered groupings become available. Assignments will be made to Reserves in the order they are listed in the RAP, in accordance with P.3.b. except as set forth in Q.4, below. Reserves in each RAP, within the appropriate availability bucket, will be assigned prior to assignment being made to a Reserve in the next RAP.
3. If multiple groupings become uncovered at the same time, then the following assignment criteria will be used.
 - a. The grouping with the earliest check-in will be assigned to the next available Reserve in the appropriate bucket.
 - b. If groupings have the same check-in time, then the grouping with the highest credit will be assigned first.
4. Within the appropriate days of availability bucket, the Company may elect to assign a LQ grouping to a qualified LQ Reserve on the Standby List in lieu of a non-LQ Reserve(s) who is next on the Standby List. If no LQ Reserve is available in that bucket, then the Company may assign a qualified LQ Reserve in the next higher bucket (more days of availability). The Company may elect to assign a LQ Service Reserve to a LQ Service position in lieu of a LQ Lead Reserve(s) who is next on the Standby List.

R. Offering Recall per Section 7.I.

At any time, uncovered groupings may be offered or assigned in accordance with the provisions of 7.I.

2. The Flight Attendant System Seniority List shall include the following information:

3. In conjunction with the annual posting of the seniority list, the Company shall provide individual written notification to each Flight Attendant whose relative seniority position has negatively changed from the previous posting of the list. A copy of each individual written notification will also be sent to the MEC President.

2. Schedules shall be bid monthly and Flight Attendants shall be awarded their monthly run in accordance with their seniority.

B. Preparation of Groupings and Bid Runs

1. One hundred percent (100%) of the known flying at each domicile shall be used to construct the flight groupings.
2. The criteria for preparation of monthly flight groupings are:

In addition, Interisland Airport Reserve groupings will be comprised of AM and PM groupings with a minimum of two (2) positions per grouping.

SECTION 10: PREPARATION, BIDDING AND AWARDING OF FLIGHT SCHEDULES UNDER PBS

- (3) For the purpose of calculating 70% of load factor, aircraft passenger capacity shall be determined by taking the actual number of passenger seats minus six (6) seats designated as crew rest seats.

Capacity**	B767	B767	B767
	246 (252-6)	253 (259-6)	258 (264-6)
70%	172	177	180

**-The numbers in this chart are based on the 767 aircraft seating configurations currently in the Hawaiian Airlines System.

- (4) The company may utilize the reduced staffing provisions on any new ER flight for a period not to exceed two (2) years from the date of the inaugural flight for such new ER flight. However, the reduced staffing provisions may not be utilized while any flight attendant is on involuntary furlough.
3. When the Master Grouping Sheets are posted, they shall contain the following information for each grouping:

 - Total trip rig credit – International
 - Positions available
4. A copy of the information outlined in Paragraph B.3. above will be included with each Flight Attendant's published monthly packet.
5. The flight groupings shall not be altered or changed between the time and date of posting of the bidding period and the date of the awarding of monthly runs.

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 10: PREPARATION, BIDDING AND AWARDING OF FLIGHT SCHEDULES UNDER PBS

6. The Company will prepare the monthly flight groupings for submission to the Flight Attendant Scheduling Committee as early as possible but no later than 1200 hours H.S.T. on the fourth (4th) of each month. The Flight Attendant Scheduling Committee may make amendments to these flight groupings, which will not cause more than 0.25% increase in pay. The finalized groupings will then be returned to the Company for review and approval. The Company shall not withhold approval provided all the provisions of the Agreement have been complied with.

C. Preferential Bidding System (PBS) Parameters

1. The PBS shall not award a trip(s) during all known absences, either with or without pay, excluding sick leave. However, the PBS will credit each affected Flight Attendant with pay and credit as provided for in this Agreement.
2. In the Honolulu domicile, Flight Attendants shall preference for an Interisland or International run as a primary preference. Honolulu domiciled Flight Attendants who preference a bid run in either operation in lieu of being awarded a Reserve run will be accommodated. Flight Attendants may opt to construct a line of either International flying, Interisland flying or a combination of the two.
3. Criteria for Bid Runs
 - a. A bid run shall be a monthly run composed entirely of scheduled groupings with a monthly time of not less than seventy-five (75) hours or the increased floor set under Section 7.B.1.b.(2), except in a month where the Company has set a lower minimum of seventy (70) to seventy-four (74) hours, and maximum of ninety (90) or one hundred five/one hundred ten (105/110) hours (option Paragraph D.1.below) of projected pay and credit hours at the time of the award. A Flight Attendant may set her/his bid cap anywhere within the range of seventy-five (75) to ninety (90) hours via her/his bid. If no cap is specified, the default cap of ninety (90) hours will be used. At her/his option, the Flight Attendant may build her/his bid up to one hundred five (105) hours or, in certain months designated by the Company, one hundred and ten (110) hours.
 - b. Bid run Flight Attendants shall have a minimum of twelve (12) calendar days off in a thirty (30) day month and thirteen (13) calendar days off in a thirty-one (31) day month at their domicile unless their days off have been prorated as provided in Paragraph O. of this Section.
 - c. A Low/Reduced time run is a bid run that is composed entirely of scheduled groupings with a monthly minimum time of thirty-seven and one-half (37½) and a maximum of fifty-five (55) hours of projected pay and credit hours at the time of the award.

**HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT**

SECTION 10: PREPARATION, BIDDING AND AWARDING OF FLIGHT SCHEDULES UNDER PBS

- d. No days off are subject to change by the Company, except as provided in Section 7.l.

4. Criteria for Reserve Runs

- a. All Reserve runs shall have a minimum of twelve (12) calendar days off at their domicile of which eight (8) will be red circle days off. A Flight Attendant who submits insufficient preferences or fails to preference red circle days off during the bidding process will be assigned the days in patterns of 2/2/2/2, 2/2/4, 2/3/3, 3/5, 4/4, 2/6 or 8. The system will not give these red circle days off in a group of eight (8) consecutive days unless the Flight Attendant specifically requests such.
- b. A Low/Reduced Time Reserve run shall have a minimum of six (6) calendar days off in domicile of which four (4) will be red circle days off. Of the remaining days of the month, the low time Reserve Flight Attendant shall preference and be awarded nine (9) days of Reserve availability. Such days of availability shall be in groups of no less than two (2) consecutive days. All days not designated as duty or red circle days off shall be days off.
- c. Each domicile shall be allocated a minimum number of weekend and holiday days off to be awarded on the Reserve runs. Such allocation shall be based on the following formulas. Any fraction will be rounded up to the next whole number.

Weekends: Fifteen percent (15%) of the total Flight Attendants in the domicile multiplied by twenty percent (20%) will equal the minimum number of off-duty days to be awarded on a Saturday and on a Sunday.

Example: The domicile has 500 Flight Attendants. $500 \times 15\% = 75$. $75 \times 20\% = 15$. There will be a minimum of 15 off-duty days awarded on each Saturday and each Sunday for that bid period.

Holidays: Fifteen percent (15%) of total active Flight Attendants in the domicile multiplied by ten percent (10%) will equal the minimum number of days off to be awarded on a holiday.

Example: The domicile has 500 Flight Attendants. $500 \times 15\% \times 10\% = 7.5$. There will be a minimum of eight (8) off-duty days awarded on each holiday in that bid period. This holiday formula shall apply for New Years Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, Christmas Eve Day, Christmas Day and New Years Eve Day.

5. Honolulu Flight Attendants hired prior to April 1, 1984 cannot be involuntarily assigned to the International Operation.

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 10: PREPARATION, BIDDING AND AWARDING OF FLIGHT SCHEDULES UNDER PBS

6. Stacking and Optimization
 - a. If a no-stacking PBS run at HNL yields open time of 1.0 percent or less of “total time”, then stacking and optimization will not occur that month.
 - b. If the no-stacking run yields open time of greater than 1 percent of “total time”, then stacking with choice optimization only will occur.
 - c. If stacking with choice optimization yields open time greater than 1.5 percent of “total time”, then for such months, up to a maximum of three months in a given calendar year, the company may utilize stacking with line optimization and choice optimization.
 - d. Day Stacks
The Company will utilize Day Stacks as the PBS unstacking method. If any portion of a pairing touches a given day it will be considered part of that day's stack. For example, if one pairing releases on a day at 0600 and a second pairing reports at 2200 on the same day, either pairing will be a valid award to satisfy that day's unstacking requirement.
 - e. Flight Attendant Preferences for Unstacking, Including Language Pairings
A Flight Attendant's request for pairings, including request for language pairings, will be honored in request order to satisfy unstacking requirements. If a Language Qualified Flight Attendant is subject to Language unstacking the program will honor the Flight Attendant's request for Language pairings in request order. Language Qualified Flight Attendants who are on the Flight Attendant System Seniority List as of April 3, 2020 and who fall within the seven (7) year lock-in period may be unstacked/assigned for language trips whether Language Qualified flights are preferred or not. Language Qualified Flight Attendants who are hired after April 3, 2020 may be unstacked/assigned for language trips whether Language Qualified flights are preferred or not.
 - f. No Same Day Pairings
The program will not award a pairing on the same day that a pairing ends, unless the Flight Attendant has waived this rule. For example, if one pairing releases on a day at 0600 and a second pairing reports at 2200 on the same day, both pairings will not be awarded to the Flight Attendant unless they have waived No Same Day Pairings.
 - g. Whenever optimization is used, the remaining open time may be manually built into lines of flying (which may include completing incomplete lines) which will then be put out for secondary bid, but if unbid, may be assigned by the company in inverse seniority order.

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 10: PREPARATION, BIDDING AND AWARDING OF FLIGHT SCHEDULES UNDER PBS

- h. To the extent the above provisions are not fully programmed, the parties agree that they will be implemented manually while the parties work cooperatively toward the implementation of a fully automated system. The parties also agree that they will work together to explore the availability of alternative PBS software programs that may meet their joint needs and be preferable to the software program now being used.
- i. In the above provisions, "total time" means the total published credit hours for a bid month that may be assigned/awarded to Flight Attendants by the PBS program.
- j. The Company will not implement stacking at LAX.
- k. Additional Holidays
 - (1) If the company exercises its right under paragraph C.6.c. above for the first time in a given year other than November or December, and in that month there is a company-designated holiday, work on that holiday will receive holiday pay. Where the Company decides to exercise its right in paragraph C.6.c. above, the company will give notice of such intention prior to the final run, so that Flight Attendants will know of the holiday-pay opportunity before the final bid.
 - (2) If the month does not have a company-designated holiday, work on the next unpaid company-designated holiday will receive holiday pay.

D. Monthly Run Bidding Options

A Flight Attendant shall have the following options when bidding for her/his monthly run with PBS.

1. Optional Monthly Maximum - A Flight Attendant may preference a maximum of one hundred five (105) hours (one hundred ten (110) hours in an increased flying month) pay and credit.
2. Any Flight Attendant may preference for specific groupings, specific groupings on specific dates, specific trips, days off, red circle days off, Interisland, International or Mixed bid run (HNL), Reserve run, minimum or maximum pay and credit time, on duty or off duty time, layover destinations, bid run pay and credit time (in no case shall such pay and credit time windows be less than ten (10) hours or greater than fifteen (15) hours), premium pay position, buddy bidding, team bidding, hub turns, avoid groupings and avoid a Flight Attendant(s) (with confidentiality).
3. As an exception to Section 7.D.2.e., in PBS, a Flight Attendant may voluntarily waive the provision to have one (1) calendar day off in any seven (7) consecutive

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 10: PREPARATION, BIDDING AND AWARDING OF FLIGHT SCHEDULES UNDER PBS

days when building her/his run, however, the FAR requirement to have twenty-four (24) hours off in any seven (7) consecutive days will still apply.

4. As an exception to Paragraph C.3.b. above, in PBS, a Bid Flight Attendant may voluntarily elect to take her/his minimum calendar days off away from her/his domicile.
5. As an additional exception to Paragraph C.3.b. above, in PBS, a Bid Flight Attendant may voluntarily elect to waive two (2) of her/his monthly minimum days off.
6. Buddy/Team Bidding
 - a. Buddy Bidding - A Flight Attendant may opt to waive her/his seniority during the bid award process so that she/he may be awarded the identical schedule of a junior Flight Attendant. Identical schedules (bid runs or reserve runs) will be awarded to both Flight Attendants, based upon the preferences and awards of the junior Flight Attendant. If a completely identical schedule cannot be awarded to both Flight Attendants because of a trip being carried-in by one or both of them or a planned absence which would result in an illegal or conflicting flight assignment, aside from the schedule conflict, the remainder of the schedule(s) shall have as many identical groupings as possible.
 - b. Team Bidding - A junior Flight Attendant may request to be awarded as many of the same groupings as possible that have been awarded to a designated Flight Attendant who is senior to her/him.
 - c. Buddy and Team bidding shall not preclude any Flight Attendant from bidding or being awarded a premium pay position.
7. Hub Turns (International)
 - a. Hub turns are defined as International groupings that can be paired together (back to back) with a minimum turn time of one (1) hour (block in to block out) up to a maximum combined duty period of fourteen (14) on duty hours on the day of the hub turn.
 - b. Flight Attendants may preference for a hub turn(s) on a specific date or a range of dates.
 - c. Hub turns shall solely be a Flight Attendant's option and shall not be a forced assignment in PBS.

SECTION 10: PREPARATION, BIDDING AND AWARDING OF FLIGHT SCHEDULES UNDER PBS

E. Low/Reduced Time Positions

Those Flight Attendants who have been awarded Low/Reduced Time positions as provided in Section 13 shall be identified in PBS.

F. Monthly Bid Packet

The monthly bid packet will include Master Grouping sheets, a monthly bidding calendar, training information, and a table listing legal hubturns. The monthly bid packets will be posted on the In-flight web site, emailed to individual Flight Attendants at their Company email accounts, and will be published and available in the crew lounge no later than 1200 hours local domicile time (LDT) on the tenth (10th) day of each month at which time bidding will begin. Bidding will close in HNL at 1500 hours, and for all other domiciles at 1200 hours, on the seventeenth (17th) LDT. In any event, Flight Attendants will have a minimum of seven (7) days to submit their bid preferences.

G. Submitting Bids

1. Bids may be submitted from home computers or from computers in the Flight Attendant lounges at each domicile. A sufficient number of terminals and a printer will be supplied by the Company for the Flight Attendants' use in each of the lounges. Due to regular daily maintenance, the PBS system will be closed for bid inputs between 2400 and 0200 H.S.T. The PBS system will also be closed once each day for the purpose of updating the absence files. These times shall be posted on the monthly bidding calendar.
2. The system will allow a Flight Attendant to revise her/his bid. The last bid submitted will be honored.
3. It is recommended that all Flight Attendants have a Standing Monthly Bid on file in PBS. This standing bid shall be used if a Flight Attendant does not submit a monthly bid. If a Flight Attendant fails to submit a monthly bid and has no Standing Monthly Bid on file, she/he will be assigned a Reserve run.
4. A Flight Attendant returning from any leave of absence who was not awarded a monthly run will be assigned a Reserve run for days remaining in the month with prorated days off. Such Flight Attendant's preference for days off shall be considered.
5. On an exception basis, a Flight Attendant shall be permitted to submit a handwritten bid on the PBS bid form in person or by FAX to the Base Manager or Supervisor. Exceptions shall include, but not be limited to, the server being down (outside of regular daily maintenance periods) for thirty (30) minutes or more, or other circumstances when the Flight Attendant does not have computer access during the PBS bidding period.

SECTION 10: PREPARATION, BIDDING AND AWARDING OF FLIGHT SCHEDULES UNDER PBS

H. Awarding and Assignment of Monthly Runs

1. All monthly runs shall be awarded in accordance with seniority and bid preferences.
 - a. Practice Awards – Bids for Practice awards shall be accepted until 1500 and posted on the In-flight web site no later than 1800 HST on the thirteenth (13th) and fifteenth (15th) days of each month.
 - b. Preliminary Award - A preliminary award of all monthly runs shall be posted on the In-flight web site no later than 1200 LDT on the eighteenth (18th) day of each month. If there is a problem with the award it must be identified to the Flight Attendant PBS Committee as soon as possible. The Committee shall monitor all awards and resolve any conflicts or errors arising from the award process.
 - c. Final Award - The final award of all monthly runs shall be posted on the In-flight web site and published and available in the crew lounge no later than 1500 HST on the twentieth (20th) day of each month.
 - d. If, after the final bids have been awarded, any errors are subsequently discovered that makes any bid illegal in any manner, the Company will compensate the affected Flight Attendant without any adjustment to her/his schedule.
 - e. Vacating a Bid Run
When a Flight Attendant vacates a bid run more than one (1) day after awarding and by no later than the tenth (10th) day of the bid month, it shall be posted and available for bid for three (3) days. In accordance with seniority, a Reserve Flight Attendant at the same domicile shall be awarded such bid run for that period vacated. Bid runs shall be considered vacated at the time the last scheduled work day is flown by the vacating Flight Attendant.
 - f. Average Line Value
When awarding the monthly runs, the Company may utilize a minimum Average Line Value (ALV). The ALV for a run shall be determined by dividing the total number of credit hours on full-time bid lines by the total number of full-time bid lines.

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 10: PREPARATION, BIDDING AND AWARDING OF FLIGHT SCHEDULES UNDER PBS

(1) The minimum ALV hours will be as follows:

<u>Bid Line Minimum</u>	<u>Minimum ALV (excluding Low-Time lines)</u>
<u>75 (non-flex)</u>	<u>82.50</u>
<u>76</u>	<u>83.25</u>
<u>77</u>	<u>84.00</u>
<u>78</u>	<u>84.75</u>
<u>79 (full flex)</u>	<u>85.50</u>

(2) If the minimum ALV is not met, the following may be performed, in the order below, until the minimum ALV is met:

- (a) Limit the number of Minimum Line requests honored, up to a maximum of 50% of total Minimum Line requests; then,
- (b) Increase the Normal bid window threshold in 30 minute increments, up to a maximum of 3 hours above the Normal bid window threshold.

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 11: SCHEDULING POLICY

A. Purpose of the Policy

The purpose of the Scheduling Policy is to provide in writing a clear, concise and complete statement of rules, practices and procedures relative to scheduling of Flight Attendants. Such rules, practices and procedures shall be equitable and uniformly applied.

B. Joint Scheduling Policy Committee

1. In order to accomplish the above mentioned objectives, there shall be established a Scheduling Committee which shall consist of three (3) Company representatives and three (3) Flight Attendant representatives. It shall be the responsibility of each party to keep the other currently informed in writing of its appointees.
2. The Committee shall be responsible for examining all phases of Flight Attendant scheduling; to improve rules and procedures; to maintain a written Flight Attendant Scheduling Policy; and will attempt to resolve all differences between Flight Attendants and Company interests in scheduling matters to the mutual advantage of both.
3. Upon written request of either party hereto, the Committee shall meet promptly and in no event later than ten (10) days following such request.

C. Scheduling Policy Application

1. The Scheduling Policy shall be applicable, but alterations in the policy may be made any time during the duration of this Agreement.
2. No alterations to the policy shall be made without prior meeting of the Committee to discuss such proposed alteration. Accord shall be reached on an alteration by at least a majority of the Committee members. However, if during such meeting accord cannot be reached, the disputed alteration may be unilaterally accomplished by unanimous vote of the Company members.
3. No provision of the Scheduling Policy, reached by accord or otherwise, shall be construed to supersede, amend or negate any provision of this Agreement.
4. It is specifically agreed and understood that the Flight Attendants' right to seek and secure relief, as provided for in Section 23 of this Agreement, shall apply to scheduling practices and procedures or changes thereto whether or not they are covered by the written Scheduling Policy and regardless of whether they were incorporated in the policy with the accord of the Scheduling Committee or unilaterally by the Company.
5. Each Flight Attendant will be notified electronically of any changes to the Scheduling Policy within ten (10) days after it is finalized.

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 11: SCHEDULING POLICY

D. Distribution

A copy of the Scheduling Policy shall be available for viewing on the In-Flight website.

E. Scheduling Protests

When a Flight Attendant questions the legality of a flight schedule assigned her/him by Crew Scheduling, she shall so notify the Crew Scheduler. The following procedure will then be implemented:

1. The Crew Scheduler who receives the verbal protest will immediately review the protested flight schedule with an available In-Flight Manager in an attempt to resolve the issue. In the absence of an In-Flight Manager, the Crew Scheduler will contact one of the following management officials in the order listed:
 - a. Senior Manager - Crew Scheduling (or designee)
 - b. Vice President – In-Flight (or designee)
2. If the Flight Attendant has not been relieved from the protested assignment she/he may verbally notify an In-Flight Manager who will make every reasonable effort to investigate the circumstances and legalities of the protested assignment.
3. The Flight Attendant will accept and comply with the protested flight schedule unless relieved therefrom by Crew Scheduling and she/he shall note on the flight report that she/he is flying the specific trips under protest. She/he should then file a Scheduling Clarification Request (SCR) online, or in writing with an In-Flight Manager, copy to the Flight Attendant's Scheduling Committee, within seven (7) days after completion of the protested flight schedule. The Company will provide an electronic acknowledgment of receipt for online filings and a copy of a written SCR to the Flight Attendant, time-stamped to acknowledge receipt.
4. The Senior Manager - Crew Scheduling (or designee) will make every reasonable effort to investigate the circumstances and legalities of the protested assignment and report electronically or in writing to the Flight Attendant, copy to Flight Attendant's Scheduling Committee, within seven (7) calendar days after receiving the Scheduling Clarification Request.
5. The purpose of filing Scheduling Clarification Requests is to reduce the need for filing grievances and to improve the quality of Flight Attendant scheduling. Promulgation of the above time limits shall in no way affect the Flight Attendant's right to grieve any scheduling action by the Company, nor shall it constitute a modification of the time limits set for filing a grievance in Section 23 of this Agreement.

F. Printed Daily Schedule (Daily Flight Schedule)

The Printed Daily Schedule shall be dated and the time of completion shall be stated

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 12: PICK UPS, DROPS, TRADES AND EXCHANGES

A. Flight Attendants Permitted to Trade

Flight Attendants are permitted to trade flight assignments and days off with any other Flight Attendant, provided they are equipment qualified for such flight assignments. However, groupings that are Extended Range (ER), Turns, Charters, or eligible for Holiday pay may only be traded with like groupings (e.g. ER with ER), unless the grouping has been posted for a drop in accordance with Section 12.O. (ETCH folder) and has not been picked up. (Note: This provision shall not apply to trades within the LAX domicile.) Bid Flight Attendants who have traded with Reserve Flight Attendants shall be considered Reserves. Trades between Bid Flight Attendants and Reserve Flight Attendants, except when they are on red circle days off, are subject to the approval of Crew Scheduling.

B. Company Non-Approval

The Company will not approve pick ups, drops, trades or exchanges that do not conform with applicable provisions of this Section 12.

C. Request Submittal

Requests for pick ups, drops or trades between Flight Attendants shall be submitted to the Crew Scheduling Office via the automated trading system.

D. Requests After Final Bids

1. After the final bids are posted, requests for pick ups, drops or trades may be submitted to Crew Scheduling until four (4) hours before scheduled departure for foreign destinations (two (2) hours for all other destinations/groupings). Such requests will be processed immediately and results will be available via the crew scheduling system or by calling Crew Scheduling. However, until automation to process trades is present, if Crew Scheduling is working to protect the Daily Flight Schedule because of interruptions caused by weather, mechanical, or other factors beyond the control of the Company, requests submitted less than the minimum hours stated above may not be processed immediately. Every effort will be made to process such requests in a timely manner.
2. A Flight Attendant on sick leave may utilize the procedures set forth in D.1. above without limitation.
3. Reserve to Reserve Trades
Reserves with trips operating over the same days may trade trips provided that such request is made at least four (4) hours prior to departure of the earlier departing trip; does not result in a conflict with any other provision of the Agreement or FARs; and does not result in the net loss of a day or more of availability for the Company (calculated on a per trade basis). Such trades will require Crew Scheduling approval and the approval will not be unreasonably withheld.

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 12: PICK UPS, DROPS, TRADES AND EXCHANGES

Example: Two Reserves with four days of availability have each been assigned groupings. One has a 3-day HND and the other has a 3-day JFK (ER rest). This trade will not result in a net loss of a day of availability to the Company.

Example: Two Reserves with two (2) days of availability have each been assigned interisland one-day groupings. One has a six-landing day and the other has an eight-landing day. This trade will not result in a net loss of a day of availability to the Company.

The provisions above will not preclude Crew Scheduling from approving other Reserve-to-Reserve trip trade requests.

E. Flight Attendant Guarantee Adjustment After Requests

If a flight time difference is involved in any pick up, drop, trade or exchange, the Flight Attendants' guarantees will be adjusted upward or downward accordingly.

F. Reserve Flight Attendants Red Circle Day Trades

Red circle days off traded by Reserve Flight Attendants will remain red circle days off.

G. Parameters

2. International

a. Flight Attendants may pick up, drop, trade or exchange flight assignments as long as the provisions of Section 7 are met.

b. Flight Attendants may trade/pick-up flights to create a hub turn, if the flights in question are scheduled with a minimum of one (1) hour between block in to block out.

5. Duty time and per diem shall begin at report time for the Flight Attendant who is picking up the flight segment.

It will be the individual Flight Attendant's responsibility to ascertain that the flight segment(s) picked up and her/his own grouping, if applicable, will be in compliance with all duty time/flight time limitations as outlined in this Agreement and the F.A.R.s.
3. Duty time and per diem shall terminate fifteen (15) minutes after block-in of the last flight worked for the Flight Attendant who is dropping her/his segment(s) to another Flight Attendant or thirty (30) minutes when customs clearance upon arrival is required.

Requests must be submitted at least thirty (30) hours prior to the date of departure. (Example: A request for a grouping departing on Thursday must be received in the automated trading system by 1800 on Tuesday.) All requests that cannot be awarded (e.g. grouping not available, trade not legal, etc.) will be discarded.
- b. A Flight Attendant's request to exchange a grouping with an open time grouping that covers the same or more calendar days shall be awarded in accordance with Paragraph a., above, without respect to Reserve coverage.
- c. Adequate Reserve coverage for the purpose of this provision shall be defined as ten percent (10%) of the total number of Flight Attendants needed to staff the flight schedule that day(s) plus the contractual number of Standbys plus the number of Flight Attendants needed to cover any known open flying. In the event the number of Flight Attendants requesting to "give up" a grouping via an exchange with open time exceeds the number of drops that can be awarded on any day(s) of the grouping to be given up, the give ups/drops shall be awarded in seniority order.

posted grouping from the ETCH Drop folder prior to the awards being completed. If the grouping is not awarded during this process, all trading restrictions will be removed and the grouping will be deemed to have satisfied the required posting period and will be moved to the cleared ETCH folder.

2. Crew Scheduling will begin processing drops and pick up awards per O.1., above, at 1800 HST. The processing of Open Time awards will begin immediately following the completion of the awards in O.1.
3. Additionally, a Bid Flight Attendant shall be allowed to drop a grouping to open time provided there is adequate Reserve coverage. Adequate Reserve coverage for the purpose of this provision shall be defined as ten percent (10%) of the total number of Flight Attendants needed to staff the flight schedule that day(s) plus the contractual number of Standbys plus the number of Flight Attendants needed to cover any known open flying. In the event the number of Flight Attendants requesting to drop a grouping exceeds the number of drops that can be awarded on any day(s) of the grouping to be dropped, the drops shall be awarded in the order the requests were received.

If the grouping can be awarded to a Flight Attendant who has requested to pick up additional flying, the request to drop will be granted.

P. Alternative Scheduling System

The Company and the Association have agreed to explore an alternative electronic scheduling system that can accommodate grouping pick ups, drops, trades and exchanges. In the event a mutually acceptable alternative system is identified, the Company and the Association shall proceed in good faith to identify the provisions of this Agreement that must be modified to accommodate such a system. The provisions of this Agreement shall continue to apply unless and until mutually acceptable provisions are agreed upon.

However, if it becomes necessary for the Company to hire new Flight Attendants in order to fill the vacancy the Flight Attendant who refused the assignment may be required to accept the assignment on an interim basis for a period not to exceed two (2) weeks or until the newly hired Flight Attendant is qualified, whichever is sooner and such Flight Attendant will be eligible for expenses as outlined in Section 15, Paragraph A.4.
2. The Flight Attendant taking such leave shall be recalled as soon as there is a vacancy in Honolulu. Such Flight Attendant shall be offered any new or additional vacancies. If such recalled Flight Attendant again turns down a vacancy other than Honolulu the process noted above shall be repeated.

N. Additional Days Off (Supplemental Vacation Days)

At her/his option, a Flight Attendant shall be given one (1) or two (2) days free from all duty immediately prior to and immediately following each vacation period of one (1) week or more. Such days off shall be in addition to the required minimum number of scheduled days off and they shall be without pay and credit. The Flight Attendant shall notify her/his Base Manager or Supervisor where she/he wishes to place her/his supplemental vacation day(s) no later than 1200 LDT on the sixteenth (16th) of the month preceding the respective vacation month.

SECTION 19: SICK LEAVE

A. Sick Leave Compensation

The Company shall compensate a Flight Attendant for the loss of what she/he normally would have earned during her/his illness in the manner set forth below. The total period for which such compensation is paid shall not exceed the amount of sick leave which has been accumulated by the Flight Attendant and shall be subtracted from such accumulated sick leave.

B. Sick Leave Accrual

1. After six (6) months of active service with the Company, a Flight Attendant shall be credited with forty-two (42) hours of sick leave and thereafter shall be credited with five and sixty-five hundredths (5.65) hours of sick leave for each month of active service to a total of one thousand two hundred (1200) hours.

C. Accrual on Leave

Sick leave credit will not accrue to a Flight Attendant while on leave of absence of fifteen (15) days or more or sick leave without pay in excess of thirty (30) days, excluding time off due to industrial accident or industrial sickness. A Flight Attendant while on furlough or leave of absence, or assigned part-time duty, shall retain her/his accumulated sick leave.

For purposes of this Section, "hours" means credited hours compensable at the current pay rate provided in this Agreement for the Flight Attendant involved.

E. Pay and Credit for Flight Attendants

1. Bid Run Flight Attendants

When a Flight Attendant is scheduled on a bid run and is granted sick leave, she/he shall be credited and paid for what she/he normally would have earned. Her/his sick leave credit will be charged accordingly.

G. Doctor's Note, Reporting of Illness

1. It shall be the responsibility of a Flight Attendant to inform the Company (Crew Scheduling Office) that she/he is not available for duty because of illness. Upon contacting the Crew Scheduling Office, a Flight Attendant shall be considered relieved from duty.
2. Doctor's Notes
 - a. A Doctor's note is required for all absences in excess of seven (7) calendar days and for sick occurrences on the following specified "Holidays": Super Bowl Sunday, July 4th, Labor Day, Thanksgiving, and the three days before and after Christmas Day. Christmas Day is not included in the Doctor's Note requirement. Such doctor's note must be provided by the Flight Attendant upon her/his return to work or within ten (10) calendar days of the first day of a sick occurrence, whichever is earlier. Unless the Flight Attendant is on the Sick Leave Monitor Program, no further note will be required. A Flight Attendant who is not on the Monitor Program and has not had a sick occurrence in the previous six (6) months shall be exempt from the Holiday requirement.
 - b. All flight attendants will be reminded at the time of a sick call of the requirement to provide a doctor's note if the duration of the sick period is more than seven (7) days. The purpose in requiring a doctor's note is to confirm that the flight attendant sought medical attention.

**HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT**

SECTION 19: SICK LEAVE

- c. The Company will accept a note from a qualified medical practitioner (e.g., doctor, nurse-practitioner, etc.) provided the note is in an industry-recognized format. Such note must be provided upon return to work or within ten (10) calendar days of the first day of a sick occurrence, whichever is earlier, unless other arrangements have been made with the Flight Attendant's supervisor.
- d.
 - (1) Failure or refusal to submit the doctor's note within the above time limits, or as agreed upon with the supervisor, absent extenuating circumstances, may subject the flight attendant to discipline per the Progressive Disciplinary Procedures. However, nothing herein diminishes or limits the exercise of supervisors' discretion in these circumstances.
 - (2) When a flight attendant fails to provide a doctor's note within the eighth and tenth day of the illness, a letter notifying her/him of this failure will be given unless other arrangements have been made with the supervisor. The letter will state the level of discipline that this failure merits. If the level is the 1st step Counseling session, the flight attendant must schedule a meeting with his/her supervisor to discuss the matter. For all other levels, the letter shall advise the flight attendant of the option to meet with their supervisor. No letter of charge or formal hearing is required. However, this does not abrogate the flight attendant's ability to file a grievance contesting the situation.
- e. The Progressive Disciplinary Procedures will be amended to add "Failure to Provide Required Doctor's Note". Such procedure is detailed below:
 - First Offense: Counseling
 - Second Offense: Letter of Warning
 - Third Offense: Letter of Warning or 1-3 day suspension
 - Fourth Offense: Letter of Warning or 1-7 day suspension
 - Fifth Offense: Letter of Warning or 14 day suspension
 - Sixth Offense: Letter of Warning or 30 day suspension
 - Seventh Offense: Longer Suspension or Termination
- f. It is understood that progressive discipline steps and doctor's note provisions of regular sick leave and sick leave covered by the Sick Leave Monitor

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 19: SICK LEAVE

Programs are separate, and although the two may run parallel to each other, they do not combine to accelerate progressive discipline steps.

H. Calling in Well

It shall be the responsibility of a Flight Attendant returning from sick leave to notify the Company (Crew Scheduling Office) that she/he is available for duty not later than 10:00 a.m., Local Domicile Time, of the day prior to her/his return to duty. Late notification will be justification for charging the Flight Attendant an additional day of sick leave. Charges against a Flight Attendant's sick leave will not be made for any days after a Flight Attendant has notified the Company of her/his availability for duty.

I. Compensable Sick Leave

Compensable sick leave is based upon actual sickness of the Flight Attendant requesting it. Routine medical and dental appointments do not constitute "actual sickness" within the meaning of this Section. Where an abuse of sick leave privileges is indicated, the Company may require a doctor's written confirmation of illness if the Flight Attendant is forewarned of such requirements. The Company may also request a doctor's clearance before returning a Flight Attendant to active duty after a prolonged or serious illness or injury. The cost of confirmation of illness will be borne by the Company.

J. **Sick Leave Make-up**

1. A Flight Attendant may, upon request, make up time lost because of illness if time is available.
2. Requests for making up lost time shall be made on appropriate forms directly to the In-Flight Services Office. Such requests shall be made no later than the first working day following return from sick leave. Flight Attendants shall indicate make-up availability directly to the Crew Scheduling Office and shall be awarded open time in order of their seniority in accordance with Section 7.K.
3. Flight Attendants shall be responsible for ascertaining any assignment made by 1700 of the day preceding the assignment.
4. Any assignment of make up time, in accordance with Subparagraph 1 above, shall not cause the displacement of any other Flight Attendant from her/his assigned schedule as printed on the daily schedule.

K. **Workers' Compensation and Occupational Injury Pay**

1. When a Flight Attendant is injured on the job or has been afflicted with an occupational illness, the Company will pay for all time lost until she/he receives Workers Compensation. From then on, the Company will pay her/him the difference between what she/he receives from Workers' Compensation and her/his average monthly earnings for the six (6) months (exclusive of leaves)

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 19: SICK LEAVE

prior to the date of the injury. Such compensation will continue, not to exceed ninety (90) days. If an occupational injury continues beyond such ninety (90) day period, occupational injury pay equivalent to two-thirds (2/3) of the Flight Attendant's earnings stipulated above, less taxes and Workers' Compensation, shall be paid for up to and including nine (9) additional months.

- a. The Company shall use the State of Hawaii's Workers' Compensation criteria when determining a Flight Attendant's "average weekly wage" for her/his worker's compensation benefit.
 - b. In determining a Flight Attendant's "average monthly earnings for the six (6) months (exclusive of leaves) prior to the date of injury", the Company shall include all earnings (gross wages) excluding any per diem.
2. Such occupational injury benefits shall in no way be charged against a Flight Attendant's non-occupational sick leave provided for in this Section.
 3. While on occupational illness/injury leave, the Flight Attendant shall be permitted, at her/his option, to utilize accumulated sick leave in amounts sufficient to supplement her/his Workers Compensation benefits and/or occupational illness/injury pay, if any, to increase the total monthly amount up to the average monthly earnings as determined under paragraph K.1. of this Section.
 4. Workers' Compensation as used in this Section shall mean pay and benefits in amounts equal to those prescribed by the Workers' Compensation Law of the State of Hawaii, or the State of the Flight Attendant's domicile, whichever provides the greater benefit to the Flight Attendants.
 5. A Flight Attendant on occupation illness/injury leave shall retain and accrue seniority and longevity for the duration of such leave.
 6. Modified Light Duty
 - a. The hourly rate of pay for a Flight Attendant on temporary modified "light" duty due to worker's compensation injuries/illnesses will be calculated by taking the total Flight Attendant pay and credit plus First Flight Attendant pay for the last six (6) months prior to the date of injury and dividing by six to establish an average monthly amount. Then divide this amount by 173.33 to determine the hourly rate for temporary modified "light" duty.
 - b. For a Flight Attendant who does not live in or near a domicile, modified ground duty may be assigned at a charitable organization (e.g. United Way) or a public institution (e.g. local school board), subject to Hawaiian Airlines policy. Such Flight Attendant will be provided with a list of such organizations and, where possible, the company will consider the Flight Attendant's suggestions, (e.g.- child's school.)

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 19: SICK LEAVE

- c. In-Flight will be flexible in accommodating Flight Attendants on OCC working "modified light duty" in the In-Flight Crew Resource Office if available. Specifically, Flight Attendants can adjust their work schedule within the parameters of office hours (time of day and days of the week). Please note that office hours are subject to change because of the availability of In-Flight Managers.
- d. If a Flight Attendant is released for Temporary Modified Duty (TMD) and is offered TMD and she/he refuses to perform such duty, all monies provided in K.1. above shall cease.
- 7. If at the time the claim is accepted, the Company has paid to the Flight Attendant an amount that is higher than what the Company was obligated to pay, then the Flight Attendant shall agree to return the entire overage amount to the Company within fourteen (14) days of receipt of the compensation from the insurer by personal check.
- 8.
 - a. If a Flight Attendant's Workers' Compensation claim is denied without a further right of appeal or is withdrawn, then she/he shall be required to make the Company whole for all monies received under the above provisions. The Flight Attendant shall debit her/his sick leave bank but can maintain a balance of thirty-seven and one-half (37.5) sick leave hours or less if she/he chooses. If a balance remains after sick leave hours are debited, the Flight Attendant has the option to debit their available accrued vacation, and/or pay the remaining amount through direct payment for no longer than three (3) months.
 - b. If a Flight Attendant resigns, retires or is terminated, then all monies due and payments can be deducted from any final paychecks, and the Flight Attendant will sign a promissory note for any balance due.
- 9. If a Flight Attendant is released to return to full duty, she/he shall return to full duty and all benefits contained herein shall cease.
- 10. The Parties agree to form a joint labor-management committee whose purpose will be to facilitate the exchange of information and address issues and problems regarding procedures under which Hawaiian Airlines administers its workers' compensation program.

L. Company Responsibility for Record Keeping and Posting

The Company shall be responsible for maintaining a record of sick leave credits and payments, which record shall be available to a Flight Attendant upon request, and a list showing accrued sick leave balances as of December 31st each year will be posted in the Flight Attendants lounge in January of the following year.

M. Debiting Sick Leave Bank

A Flight Attendant's sick leave bank shall be debited for all lost time, unless she/he elects to make up lost time during the month. A Flight Attendant may elect to debit her/his sick leave bank to bring her/his total pay and credit to her/his monthly maximum.

N. Immediate Credit After Sick Call

Unless otherwise requested by the Flight attendant, at the time of a sick call, Crew Scheduling shall immediately credit her/him with the value of a grouping(s) or reserve day(s) missed due to sick leave and shall debit her/his sick leave bank accordingly.

O. Sick Leave Bonus

1. When a Flight Attendant has completed a designated calendar quarter (January-March; April-June; July-September; October-December) without missing an assigned flight due to illness, occupational illness or injury, maternity leave, leave of absence, emergency leave of absence, voluntarily dropping below 37.5 hours, part-time, partnership or reduced flying, she/he shall receive one (1) bonus vacation day per designated quarter. The vacation day may be cashed out at three (3.0) hours per day, taken during the year, or added to the Flight Attendant's accrual for the calendar year.
2. Within forty (40) days of the end of each calendar quarter, the Company shall post a list (by memo, bid package, or newsletter) of those Flight Attendants who have received the Sick Leave vacation bonus, as provided above.

P. Accelerated Accrual for Extended Sick Leave

When a Flight Attendant, who has been on extended illness, injury, pregnancy, or occupational illness or injury for thirty (30) calendar days or more, returns to work, she/he shall be credited with ten (10) hours per month until the number of accrued hours used during the extended illness period is restored (the "accelerated accrual period"). Sick leave usage of fewer than thirty (30) days during the accelerated accrual period shall not extend the duration of the accelerated accrual period. The Flight Attendant will be notified of her/ his accelerated accrual period. Once the time is restored, her/his accrual rate shall return to the rate provided in Paragraphs B. and C. of this Section. In determining when the accelerated accrual shall begin, those Flight Attendants returning prior to the sixteenth (16th) of the month shall receive the additional hours for that month and those returning on the 16th or later will begin additional accrual in the following month. The amount of sick leave subject to accelerated accrual will be capped at 105/110 hours per month.

Example: A Flight Attendant is out on sick leave for 35 days. She uses 100 hours of sick leave. Her accelerated accrual period will be ten (10) months at ten (10) hours of sick leave per month.

Q. Company Notification to MECP of Occupational Injuries

The Company shall notify the Master Executive Council President or designee of all occupational injuries or illnesses.

R. Sick Leave Monitor Program (SLMP)

1. The purpose of this program is to monitor, counsel and rehabilitate Flight Attendants who habitually exceed the defined acceptable level of sick leave usage.
2. Acceptable Sick Leave Usage
Acceptable sick leave is defined as five (5) or fewer occurrences in a rolling 365-day period. If a Flight Attendant exceeds this level, she/he will be placed on the Monitor Program.
3. Once a Flight Attendant has four (4) sick calls (occurrences) in a 365-day period, In-Flight will notify the Flight Attendant by letter that she/he is approaching the point of being placed on the program or being progressed to the next step. This notification may be sent by electronic means in the future if the parties mutually agree that the technology to accomplish this is in place.
4. The Program
 - a. Step 1. Upon having her/his sixth (6) occurrence in a rolling 365-day period, the Flight Attendant will be placed on Step 1 of the program. Upon receipt of a letter notifying her/him of placement on the Monitor Program the Flight Attendant will be required to contact her/his supervisor and schedule a meeting within ten (10) days of being placed on Step 1 to review the Monitor Program, well as other programs that may be available to the Flight Attendant (e.g. FMLA, HFLL, AFA or Company EAP, MLOA etc.) If the Flight Attendant fails to schedule such meeting, it will be assumed that she/he is familiar with the Monitor Program, and the other programs, and will be held accountable for future occurrences accordingly. Six (6) occurrences in the next 365 days will progress the Flight Attendant to Step 2.
 - b. Upon placement to Step 2, the Flight Attendant will be counseled and given a written letter of warning advising her/him that her/his sick leave usage continues to be unacceptable. Exceeding the acceptable level of sick leave usage may result in further disciplinary action. The Flight Attendant will also be referred to the AFA and Company Employee Assistance Programs. Six (6) occurrences in the next 365 days will progress the Flight Attendant to Step 3.
 - c. Upon placement to Step 3, the Flight Attendant will receive a final letter of warning advising her/him that she/he will be subject to further discipline, up to and including dismissal, if she/he continues to maintain an unacceptable level

of sick occurrences. She/he will also receive a five (5) day suspension without pay. She/he will be offered a medical leave of absence. If she/he takes a medical leave of absence, upon return to work the Flight Attendant will remain on the monitor program for the balance of days remaining in the 365-day period. Six (6) occurrences in the next 365 days will progress the Flight Attendant to Step 4.

- d. Step 4 may result in possible termination.
- 5. Removal from Program
 - After being placed on the program, a Flight Attendant will be removed if she/he has five (5) or fewer occurrences in the 365 days following placement on the program or progression to the next step.
 - a. Example: A Flight Attendant calls in sick on February 6th-8th, March 30th-April 1st, June 8th-10th, July 12th-18th, September 3rd and October 11th-13th. Barring extenuating circumstances, the Flight Attendant will be placed on Step one of the Monitor Program on October 14th. Barring extenuating circumstances, the Flight Attendant will be placed on Step one of the Monitor Program on October 14th. The Flight Attendant then calls in sick 6 additional times before the next October 14th, with the 6th occurrence ending on May 18th. She/he will then progress to Step 2 of the Monitor Program effective May 19th. In order to be removed from the program, the Flight Attendant must then have fewer than 6 additional sick occurrences in the following 365 days. If so, she/he will be removed from the Monitor Program on the following May 18th.
- 6. Definitions
 - a. Occurrence: When a flight attendant calls in sick, regardless of the length of time away from work. Missed work assignments with no flying activity in between will be counted as one (1) occurrence. Missed work assignments with flying activity in between will be counted as one (1) occurrence if the subsequent occurrence is due to a relapse/recurrence of the illness/injury that caused the first absence. Such recurrence/relapse must be verified by a doctor's note.
 - b. Non-Occurrence: Non-occurrences include, but are not limited to, FMLA, HFLL, OCC and ADA events and, at Management discretion, extenuating circumstances.

However, if the Flight Attendant's test is negative, she/he shall be returned to service, all reference to the drug/alcohol test or the period during which she/he was held out of service shall be expunged from her/his record, and she/he shall receive full pay and credit for all lost trips while she/he was held out of service.
2. It is understood that there is mandatory drug and alcohol testing for all Flight Attendants pursuant to Federal Regulations.
 - a. The Company and the Association shall meet to discuss and review any proposed revisions to the current drug/alcohol testing programs submitted to the Department of Transportation by Hawaiian Airlines, Inc.

A Flight Attendant who is required to submit to a random drug/alcohol test upon release from a trip (grouping), shall receive one (1) hour pay/no credit for such random drug/alcohol test. In the unlikely event that the Flight Attendant cannot have adequate domicile rest following drug/alcohol testing and wishes to be removed from her/his next grouping, she/he will notify Crew Scheduling immediately. If removed, she/he will be subject to reassignment on the calendar days of the grouping from which she/he was removed. Such reassignment shall be as close as operationally possible to the value of the original grouping. However, in no case will the Flight Attendant be reassigned to a grouping that will require removal from a subsequent grouping. If, at the time of notification to Crew Scheduling, they can give her/him a reassignment they will do so. Otherwise, the Flight Attendant will call in at the end of her/his rest period for a reassignment. If the Flight Attendant is assignable for more than one day, she/he will be required to call Crew Scheduling at the end of her/his grouping or after 1600 (if not on a grouping) for the following day's reassignment. If not reassigned, the Flight Attendant shall be paid and credited for the grouping from which she/he was removed.

B. Board Composition

The Board shall consist of three (3) members, one (1) of whom shall be selected and appointed by the Association, one (1) by the Company, and a neutral arbitrator who shall be selected in accordance with the provisions of Paragraph H. of this Section. Such appointees shall be known as "Adjustment Board Members," hereinafter referred to as "Members."

C. Jurisdiction

The Board shall have the jurisdiction over disputes between any employee covered by this Agreement and the Company growing out of grievances or out of interpretation or application of any of the terms of this Agreement. The jurisdiction of the Board shall not extend to proposed changes in hours of employment, rates of compensation or working conditions covered by existing agreements between the parties hereto.

D. Board Responsibilities

1. The Board shall consider any dispute properly submitted to it by the President of the Association or by the Company when such dispute has not been previously settled in accordance with the terms provided for in this Agreement.
2. The Board shall be competent to hear the dispute properly submitted to it and to decide said dispute by majority vote. Decisions of the Board shall be final and binding on the parties and shall be rendered no later than thirty (30) days after the close of the hearing.
3. The three (3) Member Board shall call such witnesses and receive such evidence as it may deem necessary. Either party may present witnesses or documentary evidence to the Board.

E. Meeting Locales

The Board shall meet in the city where the General Offices of Hawaiian Airlines, Inc. are maintained, unless a different place of meeting is agreed upon by the parties.

G. Representatives/Witnesses

Flight Attendants covered by this Agreement may be represented at Board hearings by such person or persons as they may choose and designate, and the Company may be represented by such person or persons as it may choose and designate. Evidence may be presented either orally or in writing, or both. On request of individual Members of the Board, the Board may, by a majority vote, or shall, at the request of either the Association representatives or the Company representatives thereon, summon any witnesses who are employed by the Company and who may be deemed necessary by the parties to the dispute or by either party, or by the Board itself, or by either group or representatives constituting the Board. If the Flight Attendant becomes disabled before age sixty-five (65), she/ he may make application to the insurance carrier for waiver of premium benefit after nine (9) months of continuous disability. If the application is approved, coverage is continued at no cost to the Flight Attendant for the duration of the disability, up to the earlier of retirement or the age at which LTD benefits cease to be payable under the plan, as long as the disability is certified each year and the coverage is in compliance with applicable law. Company provided self-insured core LTD benefits shall be paid to an eligible disabled Flight Attendant starting with the ninety-first (91st) day after her/his last day of active employment due to disability or at the expiration of sick leave benefits, whichever occurs later, and continuing until the two hundred seventieth (270th) day. Thereafter, an eligible Flight Attendant's core LTD benefit coverage will be administered by the Company's LTD insurance carrier. Receipt of core LTD benefit payments under the Company's self-insured benefit program does not necessarily guarantee that the Company's LTD insurance carrier will approve a Flight Attendant's disability application for continuation of core LTD benefits after the initial two hundred seventy (270) days of coverage.

3. Optional LTD Benefits

Effective April 1, 2002, Flight Attendants may elect to purchase either one of the following optional LTD coverages. Optional LTD benefits are effective two hundred seventy one (271) days after the last day of active employment due to disability or at the expiration of sick leave benefits, whichever occurs later.

Optional LTD benefits are administered by the Company's LTD insurance carrier. Option 1: Sixty percent (60%) of average basic monthly salary (as defined in 32.B.2.a.) up to a maximum of three thousand dollars (\$3,000) per month.

6. A Flight Attendant disabled, as defined in the Long Term Disability program, shall be provided hospital, medical, surgical, and any applicable major medical coverage for her/ him and eligible dependents provided in accordance with Subsection C. below for a period of six (6) months after exhaustion of sick leave benefits. A pregnant Flight Attendant is disabled and qualifies for LTD. Her average compensation is \$4,200 per month. Therefore, she is eligible for a core LTD payment of \$2,000 per month ($50\% \times \$4,200$, to a maximum of \$2,000). If the Flight Attendant collects unemployment benefits at \$200 per week, or \$800 per month, she shall be eligible for not more than \$1,200 from her core LTD benefits for a total combined compensation of \$2,000 per month.

LTD Option 1:

The same Flight Attendant purchased Option 1 with a maximum buy up of \$3,000 per month. Therefore, she is eligible to receive combined core and buy-up LTD benefits of \$2,520 per month ($60\% \times \$4,200$, to a maximum of \$3,000). If the Flight Attendant collects Unemployment benefits at \$200 per week, or \$800 per month, she shall be eligible for \$1,720 per month (\$2,520 less \$800) per month. A portion of the LTD benefit is taxable and a portion of the LTD benefit is non-taxable based on the Company's overall premium allocation.

LTD Option 2:

The same Flight Attendant purchased Option 2 with a maximum buy up of \$3,500 per month. Therefore, she is eligible to receive combined core and buy-up LTD benefits of \$2,800 per month ($66\frac{2}{3}\% \times \$4,200$, to a maximum of \$3,500). If the Flight Attendant collects unemployment benefits at \$200 per week, or \$800 per month, she shall be eligible for \$2,000 (\$2,800 less \$800) per month. RE: AFA GRIEVANCE 46-99-02-50-93 ("SIBLING PASSES")

Dear Ms. Day:

This will confirm the agreement we reached last month in settlement of the above-referenced grievance. AFA proposed, and you agreed on the following settlement terms:

1. Provided that the number of Friendship Travel Program passes remains at a minimum of six (6) per year, AFA will not pursue additional passes for siblings, as provided in Sideletter Number 13 (Pass Policy); and
2. AFA reserves the right to re-file this grievance on this issue, if the Company changes the number of passes in the Friendship Travel Program without the prior concurrence of AFA.

If the terms set forth above accurately states our agreement, please indicate by signing in the space provided below. If this settlement does not reflect your understanding of our agreement, please contact me as soon as possible.

Once we have signed an agreement, AFA will withdraw this grievance without prejudice.

Very truly yours,

SECTION 34-2: GRIEVANCE MEDIATION

LETTER OF AGREEMENT
between
HAWAIIAN AIRLINES, INC.
and
THE FLIGHT ATTENDANTS
in the service of
HAWAIIAN AIRLINES, INC.
as represented by
THE ASSOCIATION OF FLIGHT ATTENDANTS, AFL-CIO

GRIEVANCE MEDIATION

THIS LETTER OF AGREEMENT (hereinafter referred to as the "Letter") is made and entered into in accordance with provisions of Title II of the Railway Labor Act, as amended, by and between HAWAIIAN AIRLINES, INC. (hereinafter referred to as the "Company") and the FLIGHT ATTENDANTS in the service of HAWAIIAN AIRLINES, INC., as represented by the ASSOCIATION OF FLIGHT ATTENDANTS, AFL-CIO, (hereinafter referred to as "AFA" or the "Association").

WITNESSETH:

WHEREAS, grievances arise from time to time regarding provisions of the Flight Attendants' Agreement, and

WHEREAS, grievance mediation is understood to be a creative and efficient method of dispute resolution;

NOW THEREFORE, it is mutually agreed that a voluntary grievance mediation program, as an alternative method of dispute resolution, will be established on the following basis:

A. Establishment of a Voluntary Program

1. Within thirty (30) days from the date of this letter, the parties will jointly agree upon and contact an experienced grievance Mediator, mediation firm, or mediation organization to help them to develop and utilize an interest-based-bargaining grievance mediation program. Where possible, the services of the National Mediation Board will be requested. With the advice and assistance of the Mediator, the parties will establish a timetable for the selection of cases to be mediated, the selection and training of mediation participants, and for an initial grievance mediation meeting, hereinafter

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 34-2: GRIEVANCE MEDIATION

referred to as a “Mediation Conference.” The parties will also agree upon a location for the Mediation Conference.

2. Subsequent Mediation Conferences shall be scheduled on an as needed basis by mutual agreement of the parties. It is anticipated that grievances submitted for mediation would be scheduled approximately thirty (30) days after the Grievance Review Board (GRB) or, if a GRB has not been used, then thirty (30) days after the grievance has been appealed to the System Board of Adjustment.
3. Should the services of additional Mediators be needed, selections shall also be made by mutual agreement along with all necessary arrangements for such Mediation Conferences.

B. Mediation Procedures

1. If more than one (1) day is needed, Mediation Conferences will be scheduled for up to three consecutive days in a single week.
2. The Association will compile a list of grievances that it deems suitable for grievance mediation. The list may also contain a consolidated group or groups of grievances that concern identical or similar issues. Normally, this list will be submitted to the Company thirty (30) or more days prior to a scheduled mediation session. Within ten (10) days after receipt of the Association’s submission, the Company may submit alternate or additional grievances for possible submission to mediation. Not later than ten (10) days after this submission, the parties will meet and confer regarding the final selection of grievances to be mediated. Only those grievances or groups of grievances jointly agreed upon by both parties will be submitted to the Mediation Conference.
3. The representatives of the parties will, no later than five (5) days prior to the scheduled date of the Mediation Conference, present the Mediator with a brief written statement (not to exceed three (3) pages) of the facts, the issue, and the arguments in support of their position. The parties will also provide copies of their statements to each other.
4. In the case of a grievance filed on behalf of an individual Flight Attendant, the grievant may attend the Mediation Conference. In the event the grievant elects not to be personally present he will provide the Association with a signed request that the Association appoint an authorized representative to

**HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT**

act on his behalf with full authority to agree to a final and binding settlement of the case. This request will also contain the grievant's acknowledgement that he will be bound by all the terms and conditions of this Letter of Agreement if his case is submitted to mediation. The Association shall use a request form for this purpose which is satisfactory to the Company. A copy of the forms presently used by the Association for this purpose is attached to this Letter as "Exhibit A."

5. In the case of consolidated grievances, group grievances, or MEC grievances, the designated Association Representative present shall represent the Association and all Flight Attendant parties to such grievances.
6. Both parties acknowledge the importance of having participants at the Mediation Conference who have complete authority to resolve the grievances. Association Representatives shall have the full authority to resolve grievances submitted to the Mediation Conference. Similarly, Company representatives will be authorized to resolve all such grievances. In addition, every effort will be made to insure that there are Association and Company Representatives present at each Mediation Conference who are knowledgeable of the subject matter pertaining to the grievances to be considered at the Conference.
7. The Company and the Association shall each appoint a principal spokesperson for each mediated case.
8. Proceedings before the Mediator will be informal in nature and the rules of evidence will not apply. The presentation of evidence, documentation, arguments, etc., will not be limited to that which was presented at the prior stages of the grievance procedure.
9. Other than a settlement document resulting from a successful mediation, no record in any form or medium of the Mediation Conference will be made. Any material that is presented to the Mediator will be returned to the party presenting that material at the termination of the Mediation Conference, and no copy will be retained by the Mediator or any other person or party.
10. The Mediator will have the authority to meet separately with either the Association or the Company in the Mediation Conference, but will not have the authority to compel the resolution of the grievance.

**HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT**

SECTION 34-2: GRIEVANCE MEDIATION

11. If no settlement is reached during the Mediation Conference, and only at the joint request of both parties, the Mediator will provide an immediate oral advisory decision. When rendering an oral advisory decision, the Mediator will state the grounds for such decision. Unless accepted by both parties, this decision will not be binding.
12. The parties will write a settlement agreement to document grievances that are settled during a Mediation Conference. The parties shall mutually agree as to whether the settlement will constitute precedent, and this understanding will be included in the written settlement document.
13. If no settlement is reached during the Mediation Conference, the grievance may be heard by the System Board of Adjustment pursuant to Section 24 of the Flight Attendant Agreement.
14. The Company, the Association, and the grievant will refrain from posting, publishing or otherwise publicly disseminating information on the outcome of mediation with regard to specific cases, unless the parties have jointly agreed on the content and method of such dissemination. In the absence of such agreement, information on mediation outcomes will be disseminated only to mediation participants, grievants, other directly affected parties, Association representatives and Company employees with a need for this information.
15. In the event that a grievance, which has been the subject of a Mediation Conference, is subsequently heard before the System Board of Adjustment, the Mediator may not serve as the arbitrator. During the System Board proceeding on such a grievance, no reference will be made to the fact that the grievance was the subject of a Mediation Conference or to any statements, discussions, offers, or admissions which were made during the Conference. No written statements, documents or similar material made or used at the Mediation Conference will be referred to, offered or admitted in evidence or otherwise disclosed in any System Board, court or administrative proceeding except to the extent the party offering such would have had access or entitlement to them outside of the Mediation Conference.
16. The fees and expenses for the Mediator and conference facilities will be shared equally by the Association and the Company.

**HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT**

SECTION 34-2: GRIEVANCE MEDIATION

17. Nothing in this letter shall preclude the parties from agreeing to other or different methods of grievance settlement, mediation, mediation/arbitration or alternative grievance resolution.

This GRIEVANCE MEDIATION LETTER OF AGREEMENT shall become effective as of May 1, 2001, and shall remain in full force and effect concurrently with the Collective Bargaining Agreement between the Company and the Association effective May 1, 2001, as it may from time to time be amended, subject to the provisions of Section 34 thereof.

In WITNESS THEREOF, the parties hereto sign this GRIEVANCE MEDIATION Letter of Agreement in acknowledgment and acceptance of the terms and conditions outlined herein, signed this 22nd of March, 2001.

SECTION 34-2: GRIEVANCE MEDIATION

Exhibit A

(AFA Letterhead)

Re: (Grievance Case Number)

(Name and Address of Grievant)

Dear (Grievant's Name):

As you know, AFA and the Company have established a grievance mediation program in an effort to provide an alternative method for resolving disputes that would otherwise be handled using the grievance procedures detailed in the flight attendant contract.

The program is based upon a model developed by the Mediation Research & Education Project at Northwestern University. It has been successfully adopted by many corporations, labor unions, governmental agencies and other organizations for resolving labor grievances. Several AFA represented airlines are currently using similar programs. The method makes use of specially trained Mediators whose objective is to help both sides to a dispute identify their real interests and then to seek a mutually acceptable settlement.

Your case, (enter grievance number here), has been identified by the AFA grievance staff as one that might be very suitable for submission to the mediation program. If you agree to have your case mediated, you will need to return the attached Request for Submission to Mediation Form. If you do not return the Form, we will assume you are not interested in mediation and your case will continue to be processed in the normal manner under the grievance provisions of the flight attendant contract. If you return the form, an AFA mediation representative will contact you to provide further details about the program, and discuss scheduling your grievance for mediation.

I have enclosed a copy of the Letter of Agreement that contains the rules for the mediation program. Before deciding whether to return the enclosed form you should read this document carefully and consider several factors. First, there is no guarantee that the Company will agree to mediation of your case or that the mediation will be successful. Second, every step is voluntary and both sides must accept any settlement. Successful mediation often requires some willingness to compromise. Finally, if the mediation is unsuccessful, nothing that happens or is said in mediation may be used or referred to by either side at a subsequent grievance hearing, arbitration or other proceeding.

**HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT**

SECTION 34-2: GRIEVANCE MEDIATION

On the positive side, mediation offers a potentially positive outcome for both parties and, if unsuccessful, the regular grievance procedures are still open to you.

In contrast, regular grievance procedures are very slow when compared to mediation, often produce results which are less than satisfactory to both sides, are very expensive for AFA and, if you lose your case at arbitration, there is no further appeal. Arbitration does have the advantage of providing a structured hearing with rules applicable to both sides and always results in a final and binding resolution of the case submitted.

Please consider these factors when you make your decision. If you have further questions, please call the MEC office and we will be happy to provide answers and additional information.

Sincerely,

(MEC President or Grievance Chair signature)

**SECTION 34-2: GRIEVANCE MEDIATION
REQUEST FOR GRIEVANCE MEDIATION**

TO: Hawaiian Airlines MEC

I am the grievant in (insert grievance number here). By signing and returning this form, I request that my case be submitted for mediation as part of the Hawaiian Airlines-AFA grievance mediation program. I understand that a copy of this form shall be provided to the Company if my case is selected for mediation.

I have been provided a copy of the Letter of Agreement establishing this program. I have read it and agree that if my case is submitted to mediation, I shall be bound by all the rules of the program as set forth in the Letter. In particular, I am aware that the continued success of the program depends on all parties maintaining the confidentiality of the mediation proceedings as required by the Letter of Agreement and that I and the other participants are required to refrain from any disclosure of what is said or what occurs during mediation, except to the extent that disclosure may be permitted as part of a mutually agreed settlement of my case.

I understand that I may personally participate in the mediation of my case or that I can agree to be represented by an AFA representative.

I elect the following option:

I want to personally participate in the mediation of my case.

I do not want to personally participate and I request that the MEC appoint a representative to attend the mediation and act on my behalf. I understand that I will have an opportunity to discuss my case with my representative and provide him with any information or other input I wish before mediation. I also understand that I may withdraw my authorization to be represented at any time prior to the commencement of mediation. I agree that once mediation begins, I will be fully bound by any settlement reached by my representative, and that such settlement will constitute a final and complete resolution of my grievance.

Dear Mr. Miyasato:

This will confirm the agreement reached during the recent Section 6 Negotiations between the Company and AFA regarding the above referenced grievance. Because of the Company's use of Crew Track and Crew Track's limitations, AFA has agreed that, upon ratification of the tentative agreement by the Flight Attendants, this grievance will be withdrawn.

It was further agreed that if the Company acquires a different program that will be used to track FARs, and such new program has the capability of tracking FARs using local time rather than "zulu time," the Company will meet with the MEC President to determine which will be used.

APPENDIX A

**PROGRESSIVE DISCIPLINARY PROCEDURES
for
HAWAIIAN AIRLINES FLIGHT ATTENDANTS**

General Policy:

The purpose of progressive discipline is to allow an employee who has been remiss an opportunity to improve his/her work performance. Flight Attendants shall be looked at on an individual basis. Specific factors shall be taken into consideration e.g., past record, length of service, demonstrated an improvement in problem work areas, etc. Reasonable excuses for infractions, tardiness etc., shall be accepted and not counted against a Flight Attendant. Reasonable excuses shall include delay due to weather, mechanical or circumstances beyond the control of the Flight Attendant. For example: Weather could mean a snow storm, mechanical could mean a flat tire and circumstances beyond her control could mean an accident which caused a major traffic jam which could not be detoured around. In all cases, the Spirit of Aloha shall be included with regard to progressive discipline.

Like infractions shall be grouped together. Minor and major infractions shall not be combined to accelerate discipline. The following shall serve as guidelines when it is determined that progressive discipline is warranted. Whenever possible counseling or the lesser discipline shall be administered.

I. **MINOR INFRACTIONS (Late Check-ins) Unexcused**

Any infraction in an on-going 365 day period

Late Check-in	Counseling
Late Check-in	Counseling
Late Check-in	Counseling
Late Check-in	The fourth (4th) late check-in in a 365 day period may generate a Letter of Warning.*** (See note)
Late Check-in	Once a Letter of Warning is sent, the next late check-in within 365 days may generate another letter or a 1-3 day suspension.

**HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT**

SECTION 34-5: EXHIBIT F FROM 2003 AGREEMENT

Late Check-in Once a Letter of Warning is sent, the next late check-in within 365 days may generate another letter or 5-7 day suspension.

Late Check-in Once a Letter of Warning is sent, the next late check-in within 365 days may generate another letter or 8-10 day suspension.

At this point in the progressive disciplinary procedure the Company and Association will meet to determine if EAP intervention is warranted.

Late check-in 14 day suspension

Late check-in 30 day suspension

Late check-in Longer suspension up to and including termination if the late check-in occurs within 365 days of the first letter generated.

Flight Attendants shall be given a four (4) minute grace period for checking in.

II. MAJOR INFRACTIONS (Missed Flights) Unexcused

1st Missed Flight May generate counseling, an oral warning, a letter or no action

2nd Missed Flight May generate a letter or 1-3 day suspension***
(See Note)

3rd Missed Flight May generate a letter or a 1-7 day suspension

4th Missed Flight 14 day suspension

5th Missed Flight May generate a letter or up to 30 day suspension

6th Missed Flight Longer suspension up to and including termination if the missed flight incident occurs within 365 days of the first letter generated.

**HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT**

SECTION 34-5: EXHIBIT F FROM 2003 AGREEMENT

III. ***NOTE – (Clarification)

Any infraction that is 365 days old shall be erased from a Flight Attendants record as long as a Letter of Discipline (Warning) has not been issued. Once a Letter of Discipline (Warning) is issued, the Flight Attendant must go 365 days without another like infraction. When a Flight Attendant has gone 365 days without a like infraction her record shall be cleared (slate is “wiped clean”) and the letter cannot be used in any disciplinary action. If a Flight Attendant commits a like infraction after she has received a Letter of Discipline but has shown improvement over a number of months, the Company should (in the Spirit of Aloha) issue a letter in lieu of the more severe discipline scheduled in the next step of progressive discipline.

To: Sharon Soper

Re: AFA Case no. 46-99-02-47-02 –MEC – Violation of Legal Rest Minimum

The settlement the above referenced grievance is pursuant to our agreement as part of the Hawaiian Airlines Mid-term Restructuring Agreement with the Association of Flight Attendants in April of 2003

Issue: the company violated Section 7.D.2.c. (1) and Section 7.C.2.c of the collective bargaining agreement by not allowing crews 18 hours of rest prior to rescheduled flight assignments.

Settlement: The Company will administer the agreement by applying the diurnal rest parameters to trips that have been rescheduled in such a way that they qualify as diurnal trips.

SLMP MODIFICATIONS

THIS AGREEMENT is made and entered into in accordance with the provisions of the Railway Labor Act, as amended, by and between HAWAIIAN AIRLINES, INC. (hereinafter referred to as the "Company") and the flight attendants in the service of the Company, as represented by the ASSOCIATION OF FLIGHT ATTENDANTS-CWA, AFL-CIO (hereinafter referred to as the "Union").

WHEREAS in 2011 the State of Hawaii passed legislation that impact employees' use available sick leave; and

WHEREAS the Company would like to introduce a non-disciplinary Sick Leave Monitoring Program (SLMP) that is consistent with the State Law in Hawaii;

NOW THEREFORE the parties agree the language herein supplements the existing language in the CBA as follows:

- A. Honolulu-based Flight Attendants that have available sick leave will progress on the following non-disciplinary steps in place of the steps outlined in Section 19.R of the Collective Bargaining Agreement (CBA):
 1. Step 1 Six (6) occurrences in a rolling 365-day period, the Flight Attendant will be required to contact her/his supervisor and schedule a meeting.
 2. Step 2 Six (6) occurrences in the next 365 days, the Flight Attendant will be required to contact her/his senior manager and schedule a meeting.
 3. Step 3 Six (6) occurrences in the next 365 days, the Flight Attendant will be required to meet with her/his department head.

4. Step 4 Six (6) occurrences in the next 365 days, the Flight Attendant will be required to meet with her/his Vice President.
- B. Honolulu Flight Attendants who do not have available sick leave will continue to be monitored and progress as the Sick Leave Monitor Program states in Section 19.R of the CBA.
- C. The intent of the parties is to create a parallel track for sick leave monitoring: Employees with sick leave will be monitored pursuant to the steps herein; Employees with a zero sick leave balance at the time the sick call absence is initiated will be monitored pursuant to the steps outlined in Section 19.R. Example: An employee using sick leave who is placed on a non-disciplinary step and subsequently incurs an unpaid absence, due to a zero sick leave balance, will be placed and progress as outlined in Section 19.R of the CBA. It is understood that an employee may be placed in both monitoring tracks; placement is dependent upon availability of sick leave at the time the absence is initiated; it is further understood that an employee can be in different steps of each program resulting from the employees sick leave balance at the time individual absences occur.
- D. Human Resources will determine an employee's "sick leave" status. Determination of "sick leave" status will depend on whether an employee has available (paid) sick leave, or whether an employee does not have available (unpaid) sick leave. An employee's "sick leave" status on the first day of absence will determine which path (paid or unpaid) will be followed in managing the employee's absence.

Any provision of the Flight Attendant Agreement not specifically altered by this LOA remains in full force and effect.

Flight Attendant access to available cabin jumpseats on interisland flights operated by A-320/B-737 aircraft shall be consistent with LOA #10, "Interisland Jumpseat Procedure;" by including occupied jumpseats in the load planning for a flight. In the event weight and balance restrictions limit an International flight operated by A-320/B-737 aircraft such that not all cockpit and cabin jumpseats may be occupied, Flight Attendant seniority date will be the date used for Flight Attendants to determine priority, compared to HA Pilots, for being accommodated. There will be at least two (2) more cabin jumpseats than the number of the Standard Crew onboard A-321 aircraft; for all other aircraft introduced by this Agreement, there will be at least one (1) more cabin jumpseat than the number of the Standard Crew and one (1) additional jumpseat should the Company deem it feasible to have such additional jumpseat installed.
7. Equipment Substitution: If a trip on a Narrow-Body aircraft is up-gauged to a larger aircraft, the First Flight Attendant will retain her/his position, or have the right to opt out of the First Flight Attendant position with no premium pay protection. The Flight Attendant may be required to fly as First Flight Attendant only by virtue of her/his seniority.
8. Section 27.AE of the Agreement shall be amended to read:

AE. SEPARATE OPERATIONS (Interisland and International)

As long as the Company performs Interisland and International revenue flying, the Company shall maintain two separate operations [Interisland (flights within the Hawaiian Islands) and International (flights to and from destinations outside of the Hawaiian Islands)] and they shall be operated separately, except that International Flight Attendants may be used Interisland on a limited basis for repositioning segments in accordance with Section 2.AK., Section 7.AA and Section 7.AB. The work rules contained in this Agreement shall apply to both operations unless the language references a specific operation, in which case, that provision shall apply only to the indicated operation.

10. Reimbursement of Negotiating Expense: The Company shall reimburse the Association for all expenses, including flight pay loss, incurred for the negotiation and membership ratification of this LOA. - c. Per Section 7.D.2.f.(19) Pass-riding Flight Attendants on the Flight Attendant System Seniority List may use the crew bunks in Flight Attendant seniority order, after all deadheading Flight Attendants have been accommodated in the six (6) bunks reserved for the exclusive use of Flight Attendants in the OFAR. - d. Notwithstanding C.1.a.-c., above, in the event that the pilot crew rest bunk module, the Overhead Flight Crew Rest (OFCR), is inoperative on an augmented pilot crew flight, and there are no other lie-flat accommodations meeting the Class II standards for in-flight pilot crew rest, and pilot rest is required, the following shall apply:
 - i. Working pilots shall be allowed to occupy one (1) bunk for a three (3) pilot crew or two (2) bunks for a four (4) pilot crew in order to return the aircraft to domicile.

Letter of Agreement

JOINT VENTURES

THIS LETTER OF AGREEMENT (“LOA”) is made and entered into in accordance with the provisions of the Railway Labor Act, as amended, by and between HAWAIIAN AIRLINES, INC (hereinafter referred to as the “Company”) and the flight attendants in the service of the Company, as represented by the ASSOCIATION OF FLIGHT ATTENDANTS-CWA, AFL-CIO (hereinafter referred to as the “Association” or “AFA”).

WHEREAS, the Company and the Association are parties to a collective bargaining agreement setting forth the rates of pay, rules and working conditions for the Company’s flight attendants (“HA-AFA CBA”) effective April 18, 2012, and

WHEREAS, the HA-AFA CBA does not currently reference a Joint Venture as an exception to the requirements of Section One, but the parties agree their interests align with respect to future growth of Hawaiian Airlines flying as part of a Joint Venture with a Foreign Air Carrier.

NOW THEREFORE the Company and Association agree as follows:

1. This LOA shall govern Joint Ventures between the Company and a Foreign Air Carrier. Joint Ventures with U.S. Air Carriers are not permitted absent agreement of the parties. The Company may not enter into a Joint Venture on terms that differ from those set forth herein unless (1) the Company and AFA first agree upon such different terms and enter into a new, separate Letter of Agreement setting forth such agreed-upon terms; or (2) the Company and the Air Line Pilots Association (ALPA) agree upon such different terms with which a Joint Venture(s) must comply in which case the Company may enter into the Joint Venture on those terms. In the event that pilots are provided any value as part of any agreement to modify the Joint Venture terms set forth herein, AFA shall be provided proportionally equivalent (determined as a percentage of payroll) value to be applied to the HA-AFA CBA in a manner agreed to by AFA and the Company.
2. “Joint Venture” for purposes of this Agreement means the business relationship between Hawaiian Airlines and a Foreign Air Carrier in which revenues, or the costs and revenues

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 34-17: JOINT VENTURES

of flights within the Joint Venture are shared between the air carrier partners, as typified by the business relationship between Hawaiian Airlines and the Foreign Air Carrier that is embodied in their Joint Venture Agreement.

3. Trunk Route Flying

- a. “Trunk Route” for purposes of this Agreement means flights between the home country of the Foreign Air Carrier and the Hawaiian Islands.
- b. The base ASM ratio between Hawaiian Airlines and the Foreign Air Carrier (the “Base HAL/OAL ASM Ratio”) for a given Joint Venture will be the same as the Base HAL-OAL ASM Ratio negotiated and agreed to by ALPA (e.g., the Base HAL-OAL ASM Ratio for the Hawaiian-Japan Airlines Joint Venture set forth in ALPA LOA 19-3 will be the Base HAL-OAL ASM Ratio for the Hawaiian-Japan Airlines Joint Venture).

4. Joint Venture Profitability

- a. On a quarterly basis, the Company shall present to AFA an analysis of the profitability of using Company aircraft to fly in each Joint Venture Market identified by the Association, provided that each Joint Venture Market identified by AFA is not a Trunk Route, and is one in which there is a per day average of passengers flying each way in that Joint Venture Market under HA or HA* itineraries operated at least in part by the Joint Venture Airline, computed over the preceding quarter, of at least ninety (90) passengers. For purposes of this agreement, a “Joint Venture Market” shall be defined in accordance with the agreement between the Company and the Foreign Air Carrier establishing the Joint Venture (“Joint Venture Agreement”). The Company will provide to AFA, on a confidential basis, information necessary to determine whether this passenger threshold has been met in any Joint Venture Market in any Quarter.
- b. “Joint Venture Profitability” under subparagraph 5.a. above means:
 - (i) The results of an analysis that predicts with reasonable certainty that if the Company were to begin new or add additional non-stop flights with its own aircraft between two airports in a Joint Venture Market, such flight in the Joint Venture Market would, 1) be profitable on an annual basis by the fourth year of Company operation based on the Company’s standard flight profitability measurement including standard allocation of corporate overhead expenses and investment capital and 2) the Company would recover its cumulative investment

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 34-17: JOINT VENTURES

- including start-up losses in the Joint Venture Market within a period of seventy (70) months.
- (ii) The above analysis shall treat this Joint Venture Market as if it is in a silo and shall exclude the impact, if any, of the loss of revenue earned under the Joint Venture, in that Joint Venture Market, due to the new or additional non-stop service by Hawaiian Airlines. AFA shall enter into a commercially standard confidentiality agreement covering any information provided in such analysis or provided under subparagraph 5.b. above.
- (iii) If a dispute arises as to whether a Joint Venture Market satisfies the passenger threshold in subparagraph 5.a. above, or whether the Joint Venture Profitability test in subparagraph 5.b. above has been satisfied, that dispute shall be subject to final and binding arbitration. The dispute shall be heard expeditiously no later than thirty (30) days following the submission to the System Board and decided expeditiously no later than sixty (60) days after submission to the System Board, unless the parties agree otherwise in writing. The parties agree to abide by any lawful arbitration award that is issued. If the parties are unable to agree on a neutral, the arbitrator shall be chosen by alternate strikes from a list to be provided in accordance with Section 24 of the HA-AFA CBA. Notwithstanding the foregoing, if the dispute is the subject of an arbitration before the ALPA-Hawaiian System Board, the parties agree to abide by the resulting ALPA-Hawaiian System Board Award. If the arbitration Award provides any value to ALPA, AFA shall be provided proportionally equivalent (determined as a percentage of payroll) value to be applied to the HA-AFA CBA in a manner agreed to by AFA and the Company.
- (iv) Upon the successful satisfaction of the Joint Venture Profitability test the Company must:
1. start operating the route within 18 months after the successful satisfaction of the Joint Venture Profitability test, with the announcement of the route to occur no later than 12 months after the successful satisfaction of the Joint Venture Profitability test; or
 2. start operating a substantially equivalent route or routes (measured in terms of total block hours and ASMs) within 18 months after the successful satisfaction of the Joint Venture Profitability test, with the announcement to occur no later than 12 months after the successful satisfaction of the Joint Venture Profitability test. The

substantially equivalent route or routes must have not been announced prior to the date of request of the Joint Venture Profitability test; or

3. cease placing the HA or HA* code on the relevant segment or segments of the Joint Venture Market operated by the other Joint Venture air carrier (the “OAL”).

5. Information Sharing

- a. The Company will share the information described below with the Scope Review Committee, upon execution of a commercially standard confidentiality agreement if necessary.
- b. Monthly Report: The Company will provide a monthly report which will contain:
 - (i) HA* passengers traveling on the flights of the OAL on Trunk Routes, and on routes beyond and behind Trunk Routes
 - (ii) OAL* passengers traveling on HA flights on Trunk Routes, and on routes beyond and behind Trunk Routes
- c. Quarterly Meeting: The Scope Review Committee will meet quarterly to review the following information:

 - (ii) Block hours, broken down, on a quarterly basis, by fleet within the Joint Venture
 - (iii) ASMs, broken down, on quarterly basis, by markets within the Joint Venture
 - (iv) Any agreement, arrangement or plan the Company has, that provides or that could provide for the creation of a new Foreign Air Carrier over which the Company has Control and the substance of or describing any such agreement, arrangement or plan.

SECTION 34-17: JOINT VENTURES

- (ii) On an annual basis, the Revenue Share Statement or similarly titled document prepared in accordance with the Joint Venture Agreement.
- e. The Company will provide all the above listed information in hard copy or PDF format.
6. In the event of a lawful primary system-wide strike against Hawaiian Airlines by Hawaiian flight attendants, no airline that is a party to a Joint Venture Agreement with Hawaiian Airlines will operate any HA or HA* itineraries at any time during the strike.
7. Any and all disputes concerning alleged violation of this Letter of Agreement shall be resolved by final and binding arbitration. The Company and its Affiliates specifically agree to arbitrate any grievance permitted under the Railway Labor Act filed by the Association alleging violation of this Letter of Agreement on an expedited basis directly before the System Board of Adjustment sitting with a neutral member. All provisions of the Railway Labor Act shall bind the Arbitrator. The dispute shall be heard expeditiously no later than thirty (30) days following the submission to the System Board and decided expeditiously no later than sixty (60) days after submission, unless the parties agree otherwise in writing. The parties agree to abide by any lawful arbitration award that is issued. RE: Fit for Duty Exams

Dear Sharon:

During the negotiations for the 2020 Flight Attendant Contract, Non-Occupational Medical Leaves of Absence was discussed at the bargaining table on April 17, 2019, specifically provision 17.C.1.

While no changes were made to the Contract provision, it was agreed that the Company would not subject any Flight Attendant to a “fit for duty” or medical examination while she or he is on such a medical leave of absence unless the Flight Attendant was attempting to return to work. If at that point, the Company believed a Flight Attendant was not fit to return to duty, the Company could require the Flight Attendant to undergo a medical examination under the provisions of Section 20: Physical Exams. If it was determined that the Flight Attendant could not return to work, then she or he would be returned to the medical leave that would not start over but would continue for the applicable contractual period.

Sincerely,

/S/

SECTION 34-21: BONUS COMPENSATION PROVISIONS

LETTER OF AGREEMENT

Between

HAWAIIAN AIRLINES, INC.

And

THE FLIGHT ATTENDANTS

In the service of

HAWAIIAN AIRLINES, INC.

As represented by

THE ASSOCIATION OF FLIGHT ATTENDANTS-CWA, AFL-CIO

BONUS COMPENSATION PROVISIONS

THIS AGREEMENT is made and entered into in accordance with the provisions of the Railway Labor Act, as amended, by and between HAWAIIAN AIRLINES, INC. (hereinafter referred to as the "Company") and the Flight Attendants in the service of the Company, as represented by the ASSOCIATION OF FLIGHT ATTENDANTS- CWA, AFL-CIO (hereinafter referred to as the "Union").

A. Performance Bonus

Each year, the Company will establish performance goals for on- time performance, safety, etc. Based on the yearly goals, quarterly goals will be set. These performance goals will be discussed with all unions and brought to the attention of all employees. For each quarter that the performance goals are met, each active full-time employee will receive a bonus of \$150, a potential total of \$600 per year, and each active part-time employee will be eligible for a quarterly bonus of \$75 per quarter, a potential total of \$300 per year. Any bonus payments will be reduced by applicable taxes and court required deductions. If goals are not met, no performance bonus will be paid for that quarter. Performance bonus payments will be paid regardless of company profitability. Should the Performance Bonus payments be increased for any other group, such increase shall not result in a decrease to AFA's share of any Profit Bonus.

B. Profit Bonus

1. The total potential profit bonus will be 5% of annual pretax profits (excluding extraordinary items and charges) from the first dollar of profit. Before being allocated among employee groups, the total potential profit bonus will be reduced dollar- for-dollar by the performance bonuses and any special bonuses paid for the year, excluding any payment under the Incentive Compensation Program. The Company may, at its discretion, pay the profit bonus on a quarterly, rather than an

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 34-21: BONUS COMPENSATION PROVISIONS

annual basis. Should any other group(s) be provided a different Profit Bonus formula, such group(s) will be separated into a different Profit Bonus plan so as not to negatively impact the AFA share of this plan.

2. The net profit bonus will first be divided among all employee groups (ALPA, AFA, IAM, non-represented, etc.) on the basis of each group's pro rata share of W-2 wages for the year. The pro rata share of any non-participating employee group will not be paid out to any group. Within each participating group, the bonus will then be allocated based on regular W-2 wages (as defined below) of each eligible member of the group, or another basis if that is agreed upon. Profit bonuses paid will be less applicable taxes and pre-tax deferral deductions. The Company would have discretion to set a minimum amount payable to any individual.

Example

If Hawaiian's 2012 pre-tax profit were \$40 million the total potential bonus payment would be \$2 million. If the Performance Bonuses paid out for the year totaled \$600 thousand, then up to \$1.4 million would be allocated among employee groups and individual employees in the manner described above.

C. INCENTIVE COMPENSATION PROGRAM

1. AFA will participate in the Incentive Compensation Program established by the Board of Directors for senior management, with a target payout bonus of one percent (1%) of W-2 wages. The same numerical calculations established by the Board that determines the Company's performance will be applied to the AFA, resulting in potential payment range of zero percent (0%) to two percent (2%) of the previous year's W-2 wages. Payment from the Incentive Compensation Program will be paid at the same time and in the same manner as applied to senior management.
2. Should there be any changes made to the terms of the Incentive Compensation Program during the term of this Agreement, the Company and Association agree to meet and review such changes to see what adjustments may be necessary to ensure the Flight Attendants are not disadvantaged.

D. GENERAL PROVISIONS

1. Eligible employees are defined as active employees during the applicable period with accumulated W-2 wages in excess of \$500 per quarter or \$2000 per year unless, before the time of payout, they were involuntarily terminated or voluntarily resigned. The Performance Bonus program and the Profit Bonus program would apply to all employees meeting these criteria, except corporate officers. The above criteria would also apply to all employees and corporate officers in the Incentive Compensation Program.
2. For purposes of the plans, W-2 wages shall mean regular earnings as reported in Box 5 including employee pre-tax deferrals (e.g. 401(k) employee contributions) on

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 34-21: BONUS COMPENSATION PROVISIONS

previous year's IRS Form W-2 and exclude bonuses, vacation payoffs, insurance, layoff severance and other similar non-regular earnings even if otherwise reported in Box 5 on Form W-2.

3. Payments described herein will not be treated as covered compensation for 401(k) or pension plan purposes.
4. Participation in the Performance Bonus, Profit Bonus and the Incentive Compensation Programs described in Sections A, B and C of LOA 34-9 of the CBA, shall continue beyond the amendable date unless and until terminated in a future Flight Attendant CBA.
5. The parties agree to explore a means to have the bonus compensation payments directed into the employee's 401k account.
6. This LOA reflects the parties' complete agreement on Flight Attendant participation in the Bonus Compensation Provisions, unless mutually agreed otherwise.

IN WITNESS WHEREOF, the parties hereto have signed this Bonus Compensation Provisions Letter of Agreement as of this 29th day of May, 2020.

WHEREAS, in the recently concluded contract negotiations, the Company and the Association agreed to create a Retiree Health Reimbursement Arrangement (RHRA) Plan.

WHEREAS, This Letter of Agreement hereby supersedes and replaces Section 33.L. of the Tentative Agreement dated/initialed on March 20, 2020.

NOW, THEREFORE, the Parties agree as follows:

SECTION 34-22: RETIREE HEALTH REIMBURSEMENT ARRANGEMENT

2. The Company and AFA agree to the following provisions of the RHRA:
 - a. The RHRA Plan will be sponsored by the Company. Company will be responsible for maintaining the plan document and ERISA compliance, and for appropriate reporting and cost accounting using actuarial assumptions determined by the Company. The Company will select and pay the fees of the third party administrator and all other operating costs of the RHRA Plan.
 - b. The amounts listed in the table in 1., above, will be credited to individual accounts and are not transferable or pooled, except that, if the eligible Flight Attendant dies while a participant in the Plan with an eligible dependent or spouse, his or her HRA Account shall transfer to the eligible dependent or spouse who shall then become a “participant” until he or she dies or ceases to be an eligible dependent. RHRA credits are not taxable and do not count as compensation for any other purpose under the Contract or 401(k) plan. Flight Attendants who terminate or retire with less than 30 Years of Service, or who retire after April 2, 2025, will not receive a credit pursuant to this LOA.
 - c. The RHRA is intended to be used to pay for medical insurance or medical expenses in retirement before Medicare is available or as a supplement to Medicare. The RHRA is not a savings or retirement income account and cannot be used for anything other than medical care as defined in Code section 213(d).
 - d. The Plan shall remain in effect until the later of April 3, 2025, or when all RHRA Accounts of all Participants and their Eligible Dependents/Spouses are exhausted.
 - e. No changes will be made to the plan provisions without first negotiating those changes with the Association. If any provision in the Summary Plan Description and Plan Document for Hawaiian Airlines Flight Attendants Retire Health Reimbursement Arrangement, attached as Exhibit A., conflicts with this LOA, this LOA controls.

- D. If the efforts under paragraph C. above are unsuccessful in resolving the issue(s) that have arisen, then, and only then, will the parties seek other remedies as may be available to correct the conflict(s). Any contractual or statutory time limits which may be applicable will be considered to be held in abeyance until such efforts of resolution under Paragraph C. have been exhausted.

SECTION 34-28: COMMUTER POLICY

LETTER OF AGREEMENT

Between

HAWAIIAN AIRLINES, INC.

And

THE FLIGHT ATTENDANTS

In the service of

HAWAIIAN AIRLINES, INC.

As represented by

THE ASSOCIATION OF FLIGHT ATTENDANTS-CWA, AFL-CIO

IN-FLIGHT COMMUTER POLICY

THIS AGREEMENT is made and entered into in accordance with the provisions of the Railway Labor Act, as amended, by and between HAWAIIAN AIRLINES, INC. (hereinafter referred to as the "Company") and the Flight Attendants in the service of the Company, as represented by the ASSOCIATION OF FLIGHT ATTENDANTS- CWA, AFL-CIO (hereinafter referred to as the "Union").

Effective November 1, 2020

This policy is intended to protect a registered Flight Attendant commuter from a performance infraction if she/he is unable to report for duty in Base after complying with the procedures listed herein. Once registered with In-Flight Management as a commuter, the Flight Attendant is responsible for reporting to assignments, training and other mandatory meetings with Company management in a timely manner. The following provisions are not intended to relieve Flight Attendants of this responsibility and is also not intended to be used as a method of dropping a pairing.

Registered Commuter Flight Attendants may voluntarily choose to utilize, or not utilize, the provisions and protections contained in this Commuter Policy. This policy applies to commuting on any scheduled air service flight.

Commuters are also not exempt from the Company's carry-on baggage policy which is monitored by the FAA. Operating Crewmembers may carry 3 bags onboard. Commuting Crewmembers are limited to 2 bags (or the TSA allowable maximum, if greater) as are our guests.

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 34-28: COMMUTER POLICY

Registered Flight Attendant Commuter City

If a Flight Attendant is living in a city other than her/his designated domicile, and chooses to utilize this Commuter Policy, she/he must designate an airport as her/his “registered commuter city” with In-Flight Management and such designation will extend to all airports in that metropolitan area (e.g. A Flight Attendant living in NYC could designate JFK as the registered commuter airport and could commute from any airport within a 100 mile radius, i.e. EWR, LGA).

Flight Listing

If the Flight Attendant commuter is commuting on Hawaiian Airlines, she/he will be required to list for a primary flight and identify a back-up flight with seat(s) available no more than seven (7) days prior to the scheduled departure time of each flight. The flights must be scheduled to have the Flight Attendant arrive in domicile at least thirty (30) minutes prior to report time.

If the Flight Attendant is commuting on an airline other than Hawaiian Airlines, she or he is required to list on a primary and back-up flight with available seat(s). An example of documentation of available seats would be a “screenshot” of seat(s) available for sale on the flight. The flights must be scheduled to have the Flight Attendant arrive in domicile at least thirty (30) minutes prior to report time.

Multi-Flight Commuting: A Flight Attendant may elect to designate a multi-flight routing (e.g. RDU-CLT-LAX) as either a primary or back-up “flight” under this provision.

The cabin jumpseat, if available, may be utilized as the Flight Attendant commuter’s primary flight but may not be considered as her/his back-up flight.

A Flight Attendant commuter is not required to list if she/he has purchased and provided proof of a passenger ticket.

Notification Requirements

The Flight Attendant commuter must notify Crew Scheduling if she/he was unable to commute on the primary flight.

The Flight Attendant commuter must notify Crew Scheduling immediately if she/he was unable to commute on the back-up flight.

If the Flight Attendant commuter’s flights are significantly delayed and the revised scheduled arrival into Base is within 30 min prior to the Flight Attendant’s Report Time, she/he must contact Crew Scheduling to advise of the delay and anticipated arrival into domicile. The Flight Attendant commuter must be on the aircraft for passenger boarding for the flight she/he is working. If a Flight Attendant fails to report to the aircraft for boarding, the Company may elect to not allow the Flight Attendant to take the trip. The Flight Attendant is still responsible for ensuring that the emergency equipment checks are completed.

**HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT**

SECTION 34-28: COMMUTER POLICY

Documentation in the event of a Commuting Failure

The Flight Attendant commuter must provide documentation to substantiate listing and standing by at the airport for two (2) available flights within seven (7) days after she/he is not able to make assigned check-in in order to be protected from a dependability infraction (missed trip / late sign-in). One of the following will be required to document both the primary and back-up flights.

1. Standby list (printed standby list from CS agent, picture of final stand-by list); or
2. Email listing confirmation and proof that she/he was at the airport (picture from gate; or boarding pass printed from airport)
3. Company may accept other forms of documentation

Re-joining Trip / Pay

If a Flight Attendant commuter arrives in time to report to the aircraft for passenger boarding, she/he will remain on the trip and will not be replaced by a Reserve. However, a Flight Attendant who is more than fifteen (15) minutes late checking in for a foreign destination flight requiring a General Declaration (Gen Dec) may be replaced or kept on the flight, at the company's discretion.

The lost time may be removed from the Flight Attendant's schedule and she/he may elect to have the days unblocked and pick up open flying through applicable open flying processes.

1. If a Flight Attendant commuter has an Inter-Island pairing, and was replaced by a Reserve, she/he may rejoin the pairing on its return to the domicile and will replace the Reserve Flight Attendant who was assigned the pairing.

A Flight Attendant shall not receive pay or credit for time missed. A Flight Attendant will be paid and credited for work performed.

Corrective Action Protection

This Commuter Policy protects the Flight Attendant commuter from corrective action if a circumstance is beyond their control. The excusable incidents are:

1. Weather delay or cancellation of flight(s)
2. Mechanical delay or cancellation of flight(s)
3. Unforeseen significant event (e.g. airport security breach, weight restriction denial, broken jetway, gate-hold, etc.)
4. Management may approve additional circumstances

A Flight Attendant who uses this Commuter Policy will not incur an infraction for the first three (3) occasions in a rolling 12-month period.

HAWAIIAN AIRLINES
2020 FLIGHT ATTENDANT AGREEMENT

SECTION 34-28: COMMUTER POLICY

If a Flight Attendant experiences a commuting failure and it is not covered under this Commuter Policy (either the Flight Attendant did not comply with this Policy or has exceeded the number of allowable commuting failures in a 12-month period), then the failure will be handled in accordance with the Progressive Discipline Policy.

Eligibility to Use the Commuter Policy

Flight Attendants on Probation are not eligible to utilize the Commuter Policy.
